PRESENTATIONS:

1. Hindu Heritage Month Proclamation

Mayor Gatt said we were honored to have in the audience two of the finest Novi residents in the whole world, and we probably have more than two, but he was going to recognize Dr. Mav Sanghvi and Mr. Ramesh Verma. He said Dr. Sanghvi was a former City Council member and present-day Zoning Board of Appeals member and Mr. Verma is a present-day Planning Commission member and former City Council member. He stated that these two men are so active in our community, and he thought it was appropriate that they are here and that he presented this Proclamation to them that evening. He read the Proclamation honoring the Hindu Heritage Month, October 2021. He gave the podium over to Dr. Sanghvi and Mr. Verma.

Mr. Verma thanked the Mayor and City Council for recognizing the Hindus in our community, especially in our Novi we have for the last 10 years, we have increased our population to almost over 6,000, and it is increasing more and more. He said this is a token of our appreciation from the Indian community to you for appreciating us, and because

we live here on behalf of the Indian community. He appreciated and accepted the Proclamation.

Dr. Sanghvi said he has known the Mayor for 45 years and most of you here for a very long time. He said he is one of the oldest residents around these day in Novi. He appreciated what the Mayor has done. He said people do not realize that Hinduism has been around for over 8000 years and is one of the oldest structured religions in the world with a tremendous diaspora all over the world with Indian Hindus all over the country. He said if you name it, every country has a Hindu diaspora. He appreciated Novi recognizing their presence in this great City. He thanked the Mayor very much.

Mayor Gatt thanked Dr. Sanghvi very much and thank you to our entire Indian community. He said he has done so much for our city, and we are all very grateful.

AUDIENCE COMMENTS:

Trevor Brown said he was there to address some issues. He said his uncle had passed away during the pandemic and he was trying to raise awareness to 5G technology and the harms of it. He said he had a 5G tower outside of his grandma's house. He said within three months of them turning it on, during the pandemic, he had five rare types of cancer within his body of less than a year he passed and is gone. He said he has a lot of information on it, and there is over 1,000 scientists with information. He said he has a lot of information he would love to share some time. He said he need Council's help to fight it because it is not good. He said it is terrible and it is bad for children, and it is bad for everyone. He said it was a delusional dream pushed onto society by some billionaires, it is not needed. He stated the only thing good about it is the icon on people's phone. He wanted to let Council know if there is a way, he could speak with more people he was here he has a lot of information. Thank you for your time.

Venkata Reddy Thalla, 450006 Yorkshire Dr., Novi said he has been a resident of Novi for 23 years and he lives across the street in the Jamestown Subdivision. He said he contemplated whether he should speak that evening. He said he has been thinking about it for a month or so. He stated it is just a coincidence that our beloved Mayor had declared October as the Hindu Heritage Month. He came to the USA in 1986, and was the only child to his parents, and maybe his mother was depressed because he was far away and then somehow, she became Christian. He said he was born Hindu and his mother somehow became a Christian, she died Christian. He thought it was interesting that three people came here that evening and declared it the Hindu Heritage Month. He said he came to speak about another topic but changed it on the fly. He said he was the fourth one there representing, and he was representing "I" which is our library logo, Include, Inform, Inspire, and obviously, we are all invited. He said in the Hindu code, a very fundamental thing that is said especially during the marriage for words that is
