

MMR has Experience in Recycling Wood-waste Biomass into Electricity

Contact List

Mid-Michigan Recycling (**MMR**) has been working in partnership with the Genesee Power Station (**GPS**) in Flint, Michigan since 1994, producing steam and electricity from wood waste. **MMR** recycles most types of non-treated wood waste, including chips, brush, logs, stumps, Christmas trees, diseased and junk trees and more.

Now is the time to include MMR in your fall clean up plans and your Christmas tree recycling programs!

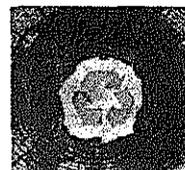

Using wood-waste and other biomass materials benefits the environment by producing electricity from a carbon-neutral waste product that originates from a renewable resource, while eliminating the need to field burn, dump or landfill this material. The Genesee Power Station in Flint is one of Michigan's premier biomass power plants producing steam and electricity for the residents of SE Michigan

Use Our Convenient drop-off locations or Contact MMR for On-Site Pickup

Recycling your wood-waste through **MMR** may be more economical than landfill fees while providing an environmental benefit. Bring your eligible wood waste to one of **MMR's** wood receiving yards located across southeastern Michigan or call (810) 785-4512 to discuss your location and needs for recycling your wood-waste.

MMR operates State certified receiving yards open year around to accept wood waste, and where volumes warrant, **MMR** can provide on-site pick up and/or coordination with your existing waste hauler to remove your recyclable wood-waste. **MMR** has its own transport equipment available as well as contracted specialized chip hauling trucks able to provide timely removal of your material.

MID-MICHIGAN RECYCLING

Main Office - G-5310 N. Dort Hwy, Flint, MI 48505
Office - (810) 7854512 Fax (810) 785-4520

Flint Yard - 1020 S. Averill Ave., Flint, MI 48503
Tod Pollard, Sales - (810) 691-3026

Grand Rapids Yard - 10600 Pease Ave, Byron Center, MI 49315
Dustin Miller, Sales - (810) 560-6490 (Cell)
HRS: Mon-Fri 8AM-5PM

Holland Yard - 4350 60th St., Holland, MI 49423
Located at: Westshore Recycling
Dustin Miller, Sales - (810) 560-6490 (Cell)
HRS: Mon-Fri 8AM-5PM

Jackson Yard - 2600 Lansing Ave, Jackson, MI 49202
Located at: Northwest Refuse, Inc.
Office - (810) 787-3699 or (888) 265-46/82,
Dustin Miller, Sales - (810) 560-6490 (Cell)
HRS: Mon-Fri 8AM-5PM

Lansing Yard - 8840 Davis Hwy, Lansing, MI 48917
Kim Cutting, Yard Manager - (810) 955-1201 (Cell)
Tod Pollard, Sales - (810) 691-3026
HRS: Mon-Fri 8AM-5PM

Livonia Yard - 3200 Glendale Ave, Livonia, MI 48150
Office - (734) 458-3850
Dustin Miller, Sales - (810) 560-6490 (Cell)
HRS: Mon-Fri 8AM-5PM

Macomb Yard - 24935 21 Mile Rd, Macomb, MI 48042
Office - (586) 598-5807
Dustin Miller, Sales - (810) 560-6490 (Cell)
HRS: Mon-Fri 7AM-5PM & Sat 7AM-1PM (Seasonal)

Saginaw Yard - 1721 N. Findley St., Saginaw, MI 48601
(By Appointment Only)
Tod Pollard, Sales - (810) 955-1201 (Cell)
HRS: Mon-Fri 8AM-5PM

Dispatch - Trina Rice (810) 955-7776
Management - Aaron Hess (810) 560-6491 &
Dustin Miller (810) 560-6490
Animal Bedding - Donna Snyder (810) 955-7976

The U. S. Department of Energy Designates October as Energy Awareness Month.

Recycling felled trees and tree limbs into biomass for the production of steam and electricity provides a sustainable alternative from fossil fuels for electrical power generation. Wood-waste is a carbon neutral, renewable resource that helps reduce the production of greenhouse gasses while reducing our reliance on the fossil fuels now used to meet our energy needs.

Recycling your wood waste materials allows YOU to make a direct impact on locally produced **GREEN** power for residents of southeast Michigan and the cost of this solution is often at the **same price or less** than the alternative of burying it in a landfill.

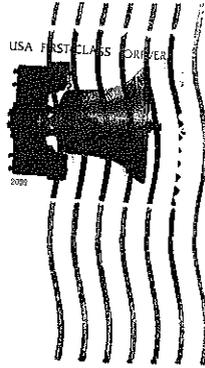

Mid-Michigan Recycling invites you to participate in supporting the effort to achieve greater energy independence and reducing greenhouse gases by recycling your wood waste tree materials.
