| EXPENDITURE REQUIRED | \$ 330,981.97 |
| AMOUNT BUDGETED | \$ 652,250.00 |
| APPROPRIATION REQUIRED | N/A |
| LINE ITEM NUMBER | 101-265.00-971.100 |

BACKGROUND INFORMATION:

In March of 2008, a Master Plan study of the long-term use of the property at the southeast corner of Ten Mile and Taft Roads was completed utilizing community input received via surveys, public input sessions, Parks, Recreation and Cultural Services Commission meetings and department staff.

The FY 08-9 Budget includes \$652,250 for the following:

- Re-location and enhancements to the Township Hall (air-conditioning and restrooms)
- Removal of the house and barns
- Creation of a gateway plaza at the northwest corner of the property
- Development of pathways
- Development of a small performing arts stage
- Irrigation

In August, 2008 Hamilton Anderson Associates (HAA) was contracted to revise the conceptual plan for the property, create site plans, construction drawings and bid documents for the initial development of the park. Following City Council review of the conceptual plan, a preliminary site was created and approved unanimously by the Planning Commission.

A Request for Proposal (RFP) for the construction of the Fuerst Park was made available on BidNet on March 2, 2009. In addition to the base bid, a number of alternates were included in the bid documents to give the City flexibility in awarding as much of the park development as possible within the remaining budget of \$390,000.

Upon reviewing the 12 bids received, the development costs enable funding for plantings at Ten Mile and Taft Roads and surrounding Township Hall (alternates 1 & 2), and installation of 11 park benches throughout the park (alternates 5 & 6). 45 trees will be planted in the park funded from tree fund. Additionally, signage for the park will be included in a separate RFP and funded within the budget (completing phases 1, 1A and 1B). Staff is also obtaining quotes for the painting of Township Hall. Upon receipt of favorable quotes, the work will be completed within the budgeted amount.

The low bidder is WCI Contractors, Inc. (WCI). WCI is recommended as being in the best interest of the City as it is responsive (i.e., WCI has complied with all requirements of the bidding instructions), has good references and experience, and is the lowest price. (Spalding DeDecker Associates award recommendation letter dated March 26, 2009 is attached). A summary of the 12 accepted bids is as follows:

WCI contractors, Inc. is based in Detroit and has related park experience including projects for the City of Troy, City of Detroit and Wayne County Parks.

It is anticipated that the work will begin in May and completed in July 2009.

Re: **Recommendation for Award**
Fuerst Park
SDA Project No.: NV09-003

Dear Mr. Hayes:

On March 24, 2009 at 2:00 P.M. construction bids were opened and publicly read at the City of Novi for the Fuerst Park project.

The City Clerk's office received twelve (12) bids for this project. The apparent low bidder, WCI Contractors, Inc. submitted a bid price of \$330,981.97 for construction of this project. Subsequent to the bid opening, Spalding DeDecker Associates (SDA) reviewed all of the bids received and prepared the attached bid tabulation for the project.

Submitted unit prices were reviewed against those being currently seen in the construction industry. SDA believes the unit prices are within an acceptable range for this type of work. SDA has also reviewed contractor qualifications and a list of references from WCI Contractors, Inc. SDA contacted multiple engineering firms and municipalities where WCI had performed similar type projects. Specifically both Jon Moore from the City of Richmond (Richmond Trailhead) and Matt Hocking from Professional Engineering Associates (Draper Twin Lakes) expressed a highly positive experience with WCI's quality of work, communication and coordination efforts. Based upon our review of the submitted qualifications and a check of the references, SDA finds that WCI Contractors, Inc. is qualified to perform the required construction.

It is our recommendation that the project be awarded to the low bidder, WCI Contractors, Inc., for the Fuerst Park project. Upon award by the City Council our office will coordinate the execution of the Contract Agreement, Bonds and Insurance Policy as well as any other necessary documents with the selected contractor, and issuance of a Notice to Proceed upon execution of the contract documents.

Please do not hesitate to contact me should you have questions.

Sincerely,

SPALDING DeDECKER ASSOCIATES, INC.
