Total Supplies & Materials

2010-2011 Approved \$524,250 2010-2011 Year-end Budget \$478,550 Savings \$45,700

Collections that are in high demand are the Youth and Fiction collections. The Library is finding that patrons are moving towards audio materials, i.e. DVDs, books on CD, etc.

The City is looking to the Library to provide small and large businesses with a source of business resources.

The Novi Public Library is a member of the Shared Catalog System with over 4 million items available to borrow or for us to share. The Novi Public Library holds approximately 160,000 items in its collection.

State Aid is a huge cost factor and if it goes away, our delivery service is going to triple in cost.

The Library Board gave kudos to the staff for a fine job keeping on top of the collection.

Services and Charges

- Bank Services 268-000.00-802.100 Approved \$750; Year-end Budget \$900. This is based on the number of credit card charges are run through the system.

The Board commented that with all the unknowns, a great job was done with savings.

Tax tribunals for 2008-2010 are coming to trial this spring.

2. <u>Fund Balance Discussion – Larry Kilgore</u>

Larry Kilgore provided two charts for the appropriation of funds based on a fund balance of \$3,600,000. One indicated the appropriation of 7.2% and the other a 15% reduction over 15 years. Discussion:

- Are we planning on making repairs/replacements using the fund balance?
- Are we planning on running the fund balance to zero or have a floor?
- When we have the extra funds, do we replenish the fund balance?
- Spend down to cover the deficits or look at reducing the amount we are using?
- Do we task the Administration to have fundraising activities?
- Would like to see budget for operations then have the staff come back and ask for additional purchases.
- Work with the reserve we have and not spend the fund balance.
- Hard to project, but the economy is still hurting and is expected to be for at least the next three years. A Board member was comfortable using the fund balance in the down turn, but not when the economy comes back.
- Use the funds balance for capital purchases.
- It was a good use of the fund balance for the Defined Benefit Plan; in a few years, may have to use the funds for new computers, etc.
- A Board member was not comfortable using a percentage, but using a dollar figure, i.e. \$1m, \$1.5 m.
- Take a long-term restriction. Restrict a portion each year, example, \$100,000, in committed funds for long-term needs (roof, etc.).

A resolution was proposed, per the discussion, and will be brought to a future meeting for approval.

A recess was called at 9:52 a.m. The Board reconvened at 10:04 a.m.

4. Fiscal Analysis from January 6, 2011, City of Novi – Julie Farkas

Kathy Smith-Roy, City of Novi Director of Finance, provided a Fiscal Analysis Mid-Year Update where it notes:

- The 2010-11 amended budget to date.
- City changes in Personal Services.

Also included in the memo is the 2011, 2012, and 2013 projected Millage Rate for the Library, along with the property tax revenue projections for the Library Fund.

5. Library Book Fines – Julie Farkas

a. Discussion on increasing amount due for overdue print materials

The cost of fines in this area has not increased in approximately twenty (20) years. At present, the cost of a late return fine is \$.10 per day. The purpose of the proposed increase in fines is not to provide additional revenue, but to have materials returned in a timely fashion.

A motion was made to raise the fine for print materials from \$.10 to \$.20 a day.

1st - David Margolis 2nd - Mark Sturing

A vote by raise of hands was called.

A motion was passed unanimously.

The increase of fines will take effect July 1, 2011.

6. Organizational Chart

At present time, the Library has 18 full time employees and 48 part-time employees. The boxes highlighted in yellow are the positions that are currently being filled.

7. <u>Retirement Healthcare Savings – Mark Sturing</u>

Information regarding Retirement Health Savings Accounts for Library's full time staff was presented for consideration by Mark Sturing.

The City's administrative staff hired after May 1, 2006 receives \$50 per pay (or \$1,300 annually) towards their RSH account which is held by a third-party administrator, ICMA. (Section 17, Retirement – City of Novi). These funds would be available post retirement and would be used for medical health care. Discussion:

- This is an additional form of compensation.
- May have some administrative costs associated with this account.
- Recommend to the HR Committee to consider?
- Impacts the budget.
- Funding for 2012-2013 to be considered.
- Look at as a full package of compensation.
- Not just for full time employees, but part-time staff too, as we have all worked hard.

It was recommended to refer this matter to the HR Committee for discussion for possibly the 2012-2013 fiscal year.

8. Fregal Music – Downloadable Music for Library Patrons – Julie Farkas

Fregal Music contains the entire Sony catalog of classical, folk, jazz and popular music, which can be downloaded. The cost to the Novi Public Library would be \$10,000, which would allow every library cardholder to download 3 pieces of music per week. The Library Board was in favor of offering this new technology to patrons.

9. <u>Building Improvements and Furniture – Julie Farkas</u>

A proposal was provided from Library Design Associates, Inc. listing the following requests:

- Counters in copy areas for first and second floor public areas.
- Café tables (2) and chairs (4).
- Addressing problem areas in the group study rooms and tutorial rooms two options were provided.

10. Electric Car Charger Station at the Novi Library

The Library was offered an opportunity to have an electric vehicle charging station located on the grounds of the Library. The cost for installing the station would be \$9,250 and would be located on the southwest end of the parking lot. The charging station would allow for two vehicles to charge at one time. The Novi Police Department will house a charging station on its grounds and will be installed this spring. The Library might make a small revenue from the cost of charging a vehicle. Further discussion is expected at the February 16, 2011 Regular Library Board meeting.

11. Food Policy, 1st Draft – Julie Farkas

The first draft of the revised Food Policy has been provided to the Board. The Food Policy will be reviewed and brought to the February 16, 2011 Regular Board Meeting for discussion and possible vote.

12. <u>Adjourn</u>

A motion was made to adjourn the meeting at 12:07 p.m.

1st – David Margolis

2nd – Mark Sturing

The motion was passed unanimously.

- Collaborating with neighboring libraries (Northville, Salem, South Lyon, and Wixom) for zombie themed TeenPosium programs and events. A ZomProm finale will be hosted by Novi Public Library the first Friday in May.
- Friends pledged \$10,000 for startup endowment at their last Board Meeting.

8. <u>Treasurer's Report</u>

a. Library Budget 2010-2011

Included in the Board Packet is the 2010-2011 FY Library Budget dated March 17, 2010.

b. Library Investments/Revenues and Expenditures/ Walker Fund

The balance sheet for the period ending January 31, 2011 indicates a Total Liabilities and Fund Balance of \$3,776,692.

The Library's Net of Revenues and Expenditures for the period ending January 31, 2011 shows a balance of \$1,117,255. With 7 months into the budget year, the Library has utilized 50.94% of their budget.

The Walker Fund Balance Sheet for the period ending January 31, 2011 indicates a Total Liabilities and Fund Balance of \$1,419,515, and a Net of Revenues and Expenditures of \$15,272.

The Library's Investment Sheet for the period ending January 31, 2011 shows the Total Investment amount for the 268 Library Fund at \$3,667,030.

The Library's Investment Sheet for the period ending January 31, 2011 shows the Total Investment amount for the 269 walker Library Fund at \$1,419,515.

The Library's Investment Sheet for the period ending January 31, 2011 shows the Total Investment mount for the Total Library (268) and Total Walker (269) at \$5,086,545.

c. Library Cafe' Revenue Report 2010-2011

The revenue received for January, 2011 from Read a Latte Cafe' is \$590.48.

9. Director's Report

On Saturday, February 12, 2011 at the Special Library Board Budget Meeting, a motion was made to make changes to the Overdue Policy and raise the fines from .10 to .20 on printed materials. The motion failed to include books on electronic format, and a request was made by Library Director, Julie Farkas to redo the motion to clarify the Policy to state, raise material fines from .10 to .20, so that it would relate to any fine that is currently .10. Trustee David Margolis accepted the friendly amendment to his original motion.

A motion was made to amend the Policy to raise all current .10 fines to .20 fines as of the beginning of the next fiscal year.

1st – David Margolis 2nd – Laura Casey

The motion passed unanimously.

The Information Services Report by Margi Karp-Opperer is included on page 27 of the Board Packet. The report highlights the free OverDrive product and how it is used. It was also noted that the large meeting room was made available to teens for study during exam week.

The Building Operations Report by Mary Ellen Mulcrone is included on page 27 of the Board Packet. It was noted that the phone system is now fully operational, and a plan is in place for every three months to review how the phone is working. Now that the Library is hooked up with the City, calls can be transferred between the two buildings.

The Support Services Report is included on pages 29 and 30 of the Board Packet. There was a decline in self checkout usage during the month of January, but that may be due in part to the Library being closed for two days.

Novi Public Library will be promoting and selling tickets for the Book and Author Luncheon sponsored by the Friends of the Plymouth, Canton, Northville and Novi Libraries. Jeffrey Zaslow, Author of <u>The Girl from</u> <u>Ames</u>, is the featured speaker this year. The event will be held at the Fox Hills Country Club on May 23, 2011 and books will be available for purchase and signing by the Author.

The Historical Commission continues to work on the Baseline historical marker project. They hope to have the ceremony and the unveiling of the Obelisk at the end of June. Plans are also being finalized for the Heritage Festival that will be held on Saturday, June 18th at Toll Gate, located at 12 Mile Road and Meadowbrook in Novi.

A. <u>Recognition of the CAM (Construction Association of Michigan) Award Presented to the Novi</u> <u>Library on Wednesday, February 2, 2011</u>

No discussion on this topic.

- **B.** <u>City of Novi and Novi Community Education Partnership Memo</u> The memo is included on pages 34-36 in the Board Packet.
- C. Fund Balance allocation for 2011-2012
 - 1. Discussion of Fund Balance Allocation

It was decided that not enough information was provided at this time for the Board to make a decision as to how much the Board is willing to allocate from the Fund Balance for future budget planning. Julie will provide a 2nd draft of numbers for the next budget meeting to be held on Saturday, February 26th, 2011.

D. Food Policy

2. Adoption of Food Policy

Due to misuse of food that resulted in damage to some area of the building, Julie Farkas, Director of Novi Public Library, presented a Food Policy drafted February 11, 2011 to the Novi Library Board. The additions to the existing Policy would no longer allow food on the second floor of the Library, and no food or uncovered drink would be allowed around the computers or in the study rooms. This proposal is more restrictive than the current existing Policy. Discussion followed as to what disciplinary action could be taken, however it is not known who the offenders are.

A motion was made to adopt the proposed changes to the Food Policy.

1st – David Margolis 2nd – Laura Casey

The motion passed unanimously.

E. Electric Car Charging Stations

3. Approve a Not to Exceed for Car Charger Stations

The City is moving forward to install the charging stations and has offered to pay for the cost of installing one car charging station on Library property. The only thing the Library would need to consider is the electrical cost, which is still unknown. The City needs to know if the Library would like to move forward with the installation. After a lengthy discussion on the pros and cons of having a charging station on the Library parking lot, Board Chair, Trustee Kilgore, offered three options for a motion.

- Accept the installation of the charging station as proposed by the City.
- Reject the installation of the charging station.
- Table the City's proposal to the next Board meeting.

A motion was made to table the City's proposal until we have more information to the next Meeting.

> 1st – Larry Czekaj 2nd – Willy Mena

The motion failed to pass.

A motion was made to approve the City installing a car charger in the general area that they (the City) have indicated in their previous information on Library property, with us (the Library Board) establishing a committee to deal with any other issues and guidelines that we need to establish for the use of the chargers, with a suggestion that the Policy Committee would be the appropriate place for that.

> 1st – Mark Sturing 2nd – Laura Casey

The motion passed unanimously.

10. Friends of Novi Library Report

The Friends group did not have a representative present to give a report. A written report was inserted in the Board Packet.

Highlights:

- Donated \$10,000.00 for the Community Endowment Fund.
- Received two bids from local CPA firms to provide assistance to Friends treasurer in filing tax forms that are required.

Page | 18

• Offering annual scholarship to a deserving Novi /Northville graduating student.

Library Board President, Larry Kilgore acknowledged the \$10,000.00 donation from the Friends for the Community Endowment Fund, and will send A Thank You letter of appreciation to the Friends for their significant contribution. An honorable mention of the Friends donation will be made in the Novi News and the Engage.

Julie wanted to mention another Fundraising event that will be specific for the Youth Collections called "Book It". The event will be by invitation, and will have a \$10.00 donation fee. The event will be held on Friday evening of April 15, and will have live entertainment and a silent auction.

11. Historical Commission Report

The Report is provided on page 31 of the February 16, 2011 Library Board Packet.

12. <u>Student Representatives Report</u>

Highlights:

- Contacted Cat's Eye News to televise Library events.
- Displaying Library events on LCD slide show.

- D. <u>Bylaws Committee (Mena, Casey, Kilgore)</u> The Bylaws Committee is no longer required.
- E. <u>Fundraising Committee</u> Next meeting will be on Thursday, February 23rd at 7:00pm, at Novi Public Library.

15. Public Comment

There was no public comment

Comments before Adjournment:

In March, Trustee Kilgore will be on the Library's cable cast called "Beyond Books", to speak about what the Library Board is doing, and to invite the public to come to the Board Meetings.

Based on securing the generous \$10,000.00 contribution from the Friends, the Fundraising Committee will be recommending that this Library Board adopt a resolution to join the Community Fund.

16. <u>Adjourn</u>

A motion was made to adjourn the meeting at 8:36 p.m.

1st – Willy Mena 2nd – Laura Casey

The motion passed unanimously.

The meeting was held at the Novi Public Library, 45255 W. Ten Mile Road, Novi, Michigan 48375, and was called to order by Larry Kilgore, President, at 8:05 a.m.

Pledge of Allegiance

The Pledge of Allegiance was recited.

1. Update on Brighthouse Cablecast for the Library – Barb Rutkowski/Mary Ellen Mulcrone

Fiber has been installed between the Library and the Civic Center; testing is scheduled to be done next week. Thalner has provided quotes on equipment for three different options "to allow for the AV signal of a board meeting to be injected in the CATV feed at the City Chamber." Two of the options would require physical access to the control room in Council Chambers; the third option includes an auto switcher. Alternatives were discussed, including the three options proposed, as well as the ideas of not broadcasting live on Brighthouse or returning to council Chambers for future meetings. It was determined that the best alternative would be to proceed with the third option that includes the auto switcher. Although this option is the most expensive up front, it eliminates the recurring personnel costs associated with someone to physically switch the priority channel routing each time a meeting or other Library event would be broadcast on Brighthouse. Library staff will proceed with arrangements for this.

2. Review of Current 2010/2011 Budget and Year End Projections, 2nd Draft – Julie Farkas

<u>Revenues</u>

There were few changes to the Revenues section. For the basis of comparison, it is suggested that the one-time approval of \$150,000 for the pension line be ignored, thus indicating a surplus of approximately \$89,000 rather than a deficit.

The future of State Aid to libraries was questioned. It is expected that this source of revenue will continue to be reduced but not eliminated.

Property Tax Revenues – 268-000.00-403.000 – Approved \$2,390,000; Year-end Budget \$2,438,775; increased \$48,775 per City update 2/15.

State Aid – 268-000.00-567.000 – Approved \$15,000; Year-end Budget \$15,555.32; received supplemental check for \$5,170.32 on 2/24.

Total Revenues

2010-2011 Approved Budget: \$2,552,500 2010-2011 Year End Projections: \$2,625,560.32 Increase \$73,060.32

Expenditures

There were no changes noted to expenditures toward year end projections.

Board members noted preferences for some changes in reporting. Prefer to use "full time" and "part time" versus "permanent" and "temporary" as reported by City. Also prefer to use the more accurate term "unemployment reimbursement" instead of "unemployment insurance". The Treasurer will address these issues with the Finance Department. It is also noted that fund balance used will be reported in the Revenues section.

The Board is advised of the 2010/2011 year end expenditures projection and suggests using this, rather than the approved 2010/2011 budget as a benchmark for future budgeting.

3. 2011/2012 Budget, 2nd Draft – Julie Farkas

a. <u>Responses to questions posed to Finance Dept., City of Novi</u>

Correspondence from Kathy Smith-Roy explained the tax liability and how claims are processed and recorded. The title for account 734.000 has been changed to Computer supplies, software & licensing as requested. Account 910.000 includes insurance coverage for the Library's van. It is suggested that the Library Board might wait for later information before proceeding with any additional lump sum contributions to the DB pension.

b. Outstanding Fines \$18,403.45

Potential recoverable library fines outstanding were determined to be approximately \$18,000. The advisability of using a collection agency was questioned. Kudos go to the staff for communicating well and collecting fines from patrons using the facility. Other issues to consider would be an amnesty program and pursuing online payment of fines.

c. Library Health Plan Information and 2011 Calculations

Information about health plans available to Library staff was distributed and discussed. There were questions regarding why the Library offers three plans to employees when one of those plans costs much less than the others. The HR Committee will investigate possibilities for what health insurance options should be offered in the future.

d. Monthly Energy Program Data Report (FY 10/11 & FY 11/12)

The Library's Monthly Energy Program Data Report was distributed.

e. 934.000 Building Maintenance Costs

A chart showing components of the 934.000 Building Maintenance account was distributed.

Expenditures

Personnel Services

Proposed personnel costs of \$30,000 over the year end projection were questioned. This is due to some open positions, a newly proposed part time librarian position, and a proposal to adjust pay for the additional 2.5 hours per week for full time staff. There was much discussion about whether this was a closed issue or whether it was to be addressed during budget discussions and whether or not there had been a conscious decision to not increase pay for increased hours. The increase in hours was instituted for public service coverage. Some members feel that the percentage of budget spent on personnel should be decreasing rather than increasing and that ways to decrease the personnel budget are to reduce salaries or reduce staff. Reducing staff would require reduced hours and services. Some would prefer to cut other areas, such as the book budget.

A motion was made that the \$890,000 in account 704 be reduced by the amount that was added to compensate full time employees for the increase from 37.5 to 40 hours per week.

1st – Larry Czekaj 2nd - Mark Sturing

A vote by raise of hands was called.

Aye: Czekaj, Sturing, Verma, Mena. No: Kilgore, Casey, Margolis.

The motion carried.

Account 704 will be reduced, with a corresponding reduction in the overall Personnel Services section.

Supplies and Materials

The main change from the first draft is an increase in office supplies for toner. **Total 2011-2012 Proposed Supplies and Materials \$503,700**.

Services and Charges

Account 816 (Professional Services) was reduced as requested by eliminating expenses for consultants to work on strategic and technology plans.

Account 880 (Community Promotion) was reduced based on less need for brochures that were created in conjunction with the grand opening.

Account 880.268 (Programming) was increased but may be offset by money from the Friends. Account 900 (Design, Printing, Publishing) was also reduced based on less need after the grand opening.

Regarding electricity, staff is still addressing lighting issues, specifically related to hours for cleaning the building. It was requested that staff also investigate parking lot lights and the possibility of having those turn off earlier.

Total 2011-2012 Proposed Services and Charges \$417,337.

4. Building Improvements & Furniture – Julie Farkas

The possibility of purchasing assets from liquidating libraries, such as Troy, was questioned. There was also a request that for any building improvements, the library would obtain bids rather than just one quote. It was suggested that additional café tables and chairs be purchased from the current budget rather than in the next fiscal year.

5. Electric Car Charger Station at the Novi Library, Additional Information Provided by Charles Boulard

The City will provide signage and will incur costs for installation. This new service will be net neutral to the Library.

A motion was made to approve the installation of two charging stations in the Library parking lot as proposed by the City.

1st – David Margolis 2nd – Laura Casey

The motion carried unanimously.

The Policy Committee will address policies and procedures that will be needed for this service.

6. OverDrive Usage Stats as of 12/2010

OverDrive statistics were distributed and discussed. The group of TLN libraries sharing Download Destination is looking at changing policies to make titles more available. They are considering allowing fewer holds and shorter loan periods.

7. DSLRT Stats for Costs on Nonprint Materials

A chart showing overdue fines for nonprint materials in area libraries was distributed.

8. BTOP Grant Update: Funding for Lending Laptops – Mary Ellen Mulcrone

The original request for \$4,000 with a cash match of \$1,000 to purchase four laptops was granted. Additional funds were made available through special request, so the Library has now been awarded \$8,000. With the additional funding, the Library will be able to purchase ten laptops at a cost of just under \$1,200 (which includes the required \$1,000 cash match). This will allow start-up of the in house lending laptop program at full force. It is anticipated that the program will begin in spring or summer.

9. How Libraries Stack Up: 2010

An article describing services used at public libraries was distributed.

The Board expressed kudos to Julie and staff on preparation of the budget. It was determined that there was no need for an additional budget meeting. Requested changes are to be incorporated in the next draft and included in the Board packet for the regular March meeting.

<u>Adjourn</u>

A motion was made to adjourn the meeting at 11:07 p.m.

1st – Laura Casey

2nd – Mark Sturing

The motion was passed unanimously.

Re.: Life Tiles by Connie Lunski

Dear Laura,

The new Novi Library is a cultural treasure, not only because of its architectural design, book collections, a/v, study rooms, helpful staff – but especially the unbelievable Life Tiles along the walls depicting in beautiful bas-relief the history of the world's cultures.

Connie Lunski has presented to us at Novi such a wonderful treasure that we and generations yet to come will marvel at her artistic talents and cultural knowledge.

Thankfully yours,

Subject:	Thank You!!

Hello Julie, Kelly

I wanted to let you know that Novi Public Library is our family favorite place to visit each week. I also wanted to specially mentioned the Mini Battle of the Books that was held yesterday Tuesday Feb. 22nd. Thank you for all the hard work that Ms. Phyllis and the staff of Novi Library who helped make this event possible. We truly appreciate all your efforts.

My daughter enjoyed this battle last year as well, and she was very, very excited to do it again this year – i.e. Reading all the books, preparing questions/details for it, and doing the actual battle - so basically everything! Though she likes reading, this added so much more fun for her and for her friends too! We all enjoyed reading these books in 2010 and in 2011. The selection of the books was very good, and open for all kinds of background/interests. And I think it's wonderful to learn about these books and authors which we normally may not think about picking these books. **Kids are already searching for the next books of these authors (Such as Return of Homework Machine, or Year of the Rat) or the other books written by these authors, which I think is a very important, positive and a long-lasting experience for them.**

Also few other compliments or suggestions are:

- It was a good idea to have a choice to make the teams this year.
- It was also a good idea to keep a parent volunteer as a judge at each desk.
- It might help if there is a registration too perhaps just a week or two before the battle so library and participants
 will get an idea about how many kids are participating (like the other Battle of the books for 5th and 6th
 graders). Since some kids were nervous if there were too many kids come and they may not able to get in or in
 case if there are too less kids also then they may have to compete individually.
- Perhaps putting flyers at the library counter will attract more kids to join it was more fun to have so many kids
 participate this year!!

PS: Could you please forward this email to Ms Phyllis as well, as I do not have her email address. Thank you.

Regards, Padma Nair

Director's Report March 16, 20110

Novi Public Library is Up for Another Award

I was contacted by BEI Associates in late February, sharing that the architecture firm was submitting the Novi Public Library building project for the 37th Annual Construction and Design Awards. The Award is sponsored by the Engineering Society of Detroit. No word yet as to the winner – let's keep our fingers crossed!

Awards that were presented to the Library this past year (Keep Michigan Beautiful and Construction Association of Michigan) have been hung on the 2nd floor near the Administration offices.

Fundraising Committee

A sub –committee of the Fundraising has been working very hard planning for the Library's first fundraiser event which will take place on Friday, April 15th from 6-9pm at the Novi Library. Email blasts, E-newsletter blasts and invitations have been going out. The event will consist of entertainment, desserts and drinks, a live and silent auction, and golf putting contest. Sponsors of the event include: Global Office Solutions, Carraba's, Twelve Oaks Mall and Providence Park Hospital (see brochure included). Adults 21 and up are welcome to attend the event. There is a \$10.00 charge per person.

The Fundraising Committee has been working with the Community Foundation of Southeast Michigan to firm up the language for the contract between the Library and the Foundation. The Committee had hoped to have the contract for the Library Board to consider, but those documents have not been received.

Cost Savings Opportunity

As a way to reduce costs for printing, ink, and paper, the Library is following suit with the City of Novi to implement a new font – Century Gothic for email and printing purposes. For the City, the savings has proven to be close a 30% reduction over the past year. The Library will be implementing the new font this spring.

Dignitaries Coming to Novi Public Library

Senator Kowall and Representative Crawford have accepted invitations to speak at the May 20th DSLRT meeting being hosted at the Novi Public Library. Both guests will present their thoughts on state funding for Michigan and how it will impact libraries in the upcoming months. Library Board members are welcome to join the meeting. The presentation will begin at 10:00am.

Building Operations Report by Mary Ellen Mulcrone, March 2011

As part of their post construction services, staff from BEI Associates met with City of Novi and Library staff for discussion of known items of concern and conducted a one-year walkthrough of the building for warranty inspection. BEI and Library lists from this meeting will be compared and investigated as needed, and BEI will provide notice of defects or deficiencies to contractors before expiration of warranties. While many issues requiring attention were noted, none were considered to be major issues.

Based on a series of staffing changes and all of us having worked in the new building for about one year, it was determined that workflow could be improved by making some changes to staff work areas. Some of the librarians who previously had workspace on the first floor have moved to the second floor office area, while some of the new librarians will be working in areas previously occupied by Support Services staff. Some of the Support Services staff, primarily those dealing with acquisition of new materials, are now situated in an area nearer to the delivery entrance that allows more room for receiving boxes and moving materials on carts. This move required a great deal of cooperation and toil from all departments.

The staff continues to look for ways to save money. A good example is finding a new vendor to supply labeling tapes at a cost of \$7 less per roll. This will be an important savings, as these tapes are used to label all library materials added to the collection.

While saying farewell to Lisa McGuckin on the occasion of her retirement from NPL, Support Services welcomes Maryann Zurmuehlen to fill the vacancy.

I have completed the MIOSHA (Michigan Occupational Safety and Health Administration) General Industry 10-Hour+ (Fundamentals of Safety and Health) course offered through the MIOSHA Training Institute, which is an alliance between the MIOSHA Consultation Education and Training (CET) Division and Macomb Community College. The information provided through this course will be useful to the Library in maintaining a safe and healthy environment.

Update on Broadband Technology Opportunities Program (BTOP) grant:

Our original request from the BTOP grant proposal was for four laptop computers, anticipating that we would receive \$4,000 and would provide a cash match of \$1,000. Last fall we learned that the grant was awarded to the Library of Michigan and Michigan State University, on behalf of libraries throughout the state of Michigan, and that we would receive the anticipated funds. Later, through a series of conversations, requests, and other learning opportunities, it was determined that we would actually be granted \$8,000, with no increase in our cash match. This award will allow us to purchase ten laptop computers, including the necessary software and licenses, at a cost of just under \$1,200, including the \$1,000 cash match that was already committed. In other words, for just \$200 more than we originally planned to spend, we can now purchase six more laptops and can begin our in house laptop lending program at full speed with ten computers. We have recently ordered the equipment and hope to receive it within about six to eight weeks. We are also considering the policies and procedures that will need to be put in place to begin this new service.

DIRECTOR'S REPORT, JIM PLETZ - TLN FEBRUARY 2011

SUPPLEMENTAL STATE AID AND STATE AID FOR FY 2011FY

TLN received a payment of \$138,220.51 the first week of February. This covers the TLN share of the supplemental state appropriation. Member libraries reported their supplemental state aid payments were arriving the second week of February. Nancy Robertson, Director of the Library of Michigan, reported to the TLN membership meeting, on January 28, that she was prioritizing release of FY 2011 state aid first payments to cooperatives and then to public libraries. Final (second) payments will be released once annual reports are reviewed and verified. Payments will once again come first to the cooperatives and then to public libraries in the order annual reports were received by the Library of Michigan. While no TLN libraries failed to submit the required annual report, 3 libraries submitted the report in the last week of January. Their second state aid payment will be the last released by the Library of Michigan.

STATE AID FOR FY 2012 FORECAST

The news from Lansing is not good for Fiscal Year 2012 State Aid to libraries. Cooperative Directors participated in a conference call with MLA Executive Director, Gretchen Couraud, and MLA President, Christine Berro. The blunt news is twofold. First, it is highly likely that state aid to libraries and funding for the Library of Michigan will be cut by 50% or eliminated entirely. Second, expect any funding to utilize a zero based budget approach, with aid to cooperatives, public libraries AND the Library of Michigan consolidated as one line item. Funding will be provided for programs that set measurable goals for growth and contribute to the governor's vision of creating new jobs for Michigan. The key here is "measurable" and "new." MLA is seeking member and institution input on what the MLA voice should champion as it mounts a battle to preserve the integrity of library services provided to Michigan residents, statewide. From the initial response of the cooperative directors, many feel consolidation of cooperatives from the current 11 to 6 or 4 is an inevitable result. Others suggested a weaker Library of Michigan and moving to develop/consolidate smaller libraries into district or county library services.

The elimination or reduction in state funding currently impacts one TLN department – Delivery. If there is no state aid, and, if everyone retains current delivery services, libraries with five day per week delivery will pay \$12,932 for the service, starting October 1 compared with the current charge of \$3,000. For those libraries scheduled for two day per week delivery, the fee would move from \$1,200 to \$5,173. This range of cost recovery was presented, in detail, at the January 28 membership meeting. This is the extreme range of cost and does not account for the potential loss of member libraries selecting alternative delivery services, or, the potential concessions in labor expenses currently under negotiation with TLN bargaining units. Mediation assisted negotiations with AFSCME will commence at 10:00 AM on March 17. Talks with the Supervisor Association are on hold, pending receipt and analysis of new insurance program quotes.

Author, Author & Illustrator - TLN Style

Congratulations to Rochester Hills Public Library Director, **Christine Lind Hage**, for her encouragement and nurturing of new author, **Karen C. Knox**. Knox, the Associate Director and Information Technology Manager at Rochester Hills Public Library has just released a significant work on library technology entitled *Implementing Technology Solutions in Libraries: Techniques, Tools and Tips from the Trenches.* With more than ten years of library technology experience, including five years with the Novi Public Library, Knox provides a pragmatic guide to implementing technology solutions, matching size and scale to available resources. Many successful, and some less than successful projects are explored. Knox asserts, "Very few libraries can afford to purchase and implement all the latest technology whenever it becomes available ... in reality, no library actually needs to." For more information visit <u>www.karencknox.com/itsil</u>.

Down River residents are thankful for the support Allen Park Public Library Director, **Sandi Blakney**, has given to two new members of the world of children's book publishing. Part of the Wayne County Library, Allen Park is noted for its high quality level of service to children and teens. From that rich heritage of youth service comes new author, **Karen McKibben-Smith**, and illustrator, **Melissa Oakley**. Karen, a Teen Librarian, and Melissa, a Library Student Assistant have just released their first collaborative work titled, **Mrs. Smith's Creative Kindergarten Class Celebrates Halloween**. Patrons of the library can celebrate and purchase the new release at a book signing party on March 12 at the Allen Park Library.

Warm and Friendly Guest Services

A new home can be warm and friendly or cool and aloof. The tone and feel is established as we enter and is reinforced as we encounter staff throughout our visit. **Julie Farkas** and the **Novi Public Library staff** celebrate guest arrivals with a warm "hello" to each person as they arrive, the information service staff provide directional services without making you feel silly for asking (Novi directional signage is excellent if you look) and the staff that greets you also says, "thanks for visiting us and please come again." These simple steps of hospitality make the new Novi Public Library even better – they celebrate your arrival and use as if you are a very special member of their family. Congratulations to **Julie** and the entire **Novi Public Library staff** for welcoming TLN to their neighborhood and making this TLN director a happy member of their library.

MLA Legislative Update, March 6, 2011:

- MLA Testimony Before the House Appropriations Education Subcommittee
- Protect Michigan Libraries Website and Campaign
- Budget Reality, Real Threats to the Entire Library Community
- Call to Action
- Key Legislative District Meetings
- Renew Your MLA Membership
- MLA Testimony Before the House Education Appropriations Education Subcommittee

MLA President Christine Berro testified before the House Appropriations Education Subcommittee March 1 regarding the 'perfect storm' of budget cuts eroding every funding stream for public libraries. Although the presentation concentrated on the cuts to public libraries, President Berro made clear that it is public library funding that the library community leverages to sustain the Michigan eLibrary that benefits universities, K-12, community colleges and public libraries. She stressed that the statewide and regional systems are truly at risk of implosion with the 40% funding cuts proposed to state aid this year - or a 76% cut since 2000. MLA is scheduled to testify in the Senate on March 23.

• Protect Michigan Libraries Website and Campaign

MLA is launching our campaign to Protect Michigan Libraries with our updated website - and you all can play a role. Visit the website at: http://www.milibrariesforthefuture.org/. You can link to the this website on your home page. There are a number of tools for you to use and more will be added. Because nearly 2/3 of the legislature is brand new, MLA created a powerpoint to educate legislators about state statute, the cumulative funding cuts and the value of libraries tied to the Governor's new benchmarks. We encourage you to review this powerpoint and the notes section so you become an expert and can articulate these messages to your legislators. Share this powerpoint with your trustees and friends groups so they too can advocate for libraries. It is also important that you know your own library's data and tell your story of local value and the impact of cuts.

• Budget Reality, Real Threats to the Entire Library Community

As introduced, the Governor's budget is balanced. However, it also calls for a \$400 per pupil cut to k-12, elimination of local revenue sharing, elimination of a number of tax credits, significant concessions from labor unions and a pension tax. None of these are guaranteed. In fact, the pension tax is deemed dead at the moment in the Senate. If that does not pass, the deficit will grow by an additional \$900 million. All these factors together mean that library funding isn't guaranteed even at \$3.4 million level as introduced.

The Michigan eLibrary is threatened in two ways. First, we are not meeting our maintenance of effort requirement to receive the federal funds. We have received two waivers but a third is not guaranteed. But a new threat looms that everyone should aware of. Because of the 'perfect storm' of cuts to public libraries, libraries may choose, or be forced to pull out of MeLCat. If enough libraires do, the system could implode.

Furthermore, at these funding levels, all 11 library cooperatives will close in approximately two years if there is no revenue increase, reform or consolidation. MLA has initiated conversations with the library cooperatives about reinvention and libraries in cooperatives should prepare themselves for discussions about change. Finally, elimination of the personal property tax has strong support and is likely to move in some fashion. It is therefore time to gear up and fight to defend library funding at all levels.

- Call to Action
 - Visit the Protect Michigan Libraries website at: <u>http://www.milibrariesforthefuture.org/.</u>
 - View the powerpoint regarding the cumulative cuts to library funding and share the information with your boards and friends.
 - Know your own data about budget cuts and be able to articulate the impact of cuts to your patrons.
 - Read the materials on the website and key talking points. Contact your legislator directly phone or in person is best. If you can't reach them speak with their Chief of Staff or Legislative Director. Contact information is available at: <u>http://www.mla.lib.mi.us/node/1343.</u>
 - Ask them to: hold state aid to libraries harmless at last year's level; reimburse libraries for renaissance zone tax credits at \$ 3 million; do not eliminate the personal property tax without a revenue neutral replacement.
- Key Legislative District Meetings

If your state Senator or Representative is a Legislative Target - either in a leadership position or on our appropriations subcommittees - you have a pivotal role. Communicate now, but we will also be organizing select district meetings so stay tuned.

Charge up your vehicle and go!

Novi to install two public electric car charging stations.

Novi, Michigan, March 8, 2011 – In response to the growing availability of electric and plugin hybrid vehicles, the City of Novi has secured a grant for the installation of two charging stations to be located at Novi Police Headquarters and the City of Novi Public Library. The charging stations will be ready for use by July 1, 2011 and will accommodate all electric vehicle makes and models. Like most gas stations, users will pay via credit card or ChargePoint card. Fees for the charging stations have not been determined.

The grant was awarded by the ChargePoint America Program, which is funded in part by the United States Department of Energy, as part of the American Reinvestment and Recovery Act. This is the second grant the City of Novi has received from the Department of Energy; the other being a 2010 Energy Efficiency and Conservation Block Grant which was used in part to fund the development of Novi's 2011 Non-Motorized Transportation Plan.

The City of Novi has long been a proponent of sustainability and eco-friendly initiatives. Sustainable measures in mechanical and electrical systems, architecture, and landscaping were used when building the new City of Novi Public Library (opened in June, 2010) to limit impact on the natural environment. In 2009, Novi launched "green pages" on **cityofnovi.org**. These pages highlight eco-conscious tips for homes and businesses as well as ways for citizens to engage in environmentally friendly practices. In 2010, Novi updated the City ordinance to address solar panels and wind turbines. Additionally, Novi hosts Arbor Day, Earth Day, and River Day community events each year to highlight the importance of the environment.

Oakland County recognized Novi with a 2010 Oak Green - Green Community Excellence Award for being a leader in green initiatives. The award was designed to honor communities who exemplify natural resources stewardship, energy efficiency, green building, watershed management and recycling.

To learn more about the Novi's dedication to environmental stewardship and "green" initiatives, visit **cityofnovi.org** and click on the Novi Goes Green icon.

Novi Public Library Board of Directors

Report from Friends of Novi Public Library

At the Friends Board Meeting on March 9 the Friends passed an amendment making our fiscal year from June 1 to May 31.

The Friends have several events coming up in the next few weeks. The first is entitled "From a Woman: A Woman's Workshop Illustrated" to be held on Sunday March 20, 2011 at 3:00p.m. Second is the Battle of the Books held at the Novi Civic Center on Saturday, March 26 from 1-2p.m. The battle is comprised of twelve teams of Novi fifth and sixth graders who will compete by answering questions on six previously selected books. Also, Friends of the Novi Library and the Novi Historical Commission will have representatives from the Dumouchelle Galleries of Detroit at the Novi Township Hall on Saturday, April 9 from 10:00a.m. until 1:30p.m. to perform appraisals.

Friends will be helping the Novi Library with selling books by author and journalist, Tom Stanton at the library event on April 11 entitled "A Journey through Detroit Tigers' History" from 7:00-9:00p.m.

The Friends Book Nook continues to do well in sales and will be having another bag sale on March 26 from noon to 4:00p.m.

Submitted: Carol Hoffman, Board Member

Financial squeeze continues for nonprofits: Boards face a "sea change"

As the challenges facing nonprofit organizations mount, board members must put their organization in a position to compete.

President Obama's deficit commission recently offered a proposal to eliminate the charitable deduction and replace it with a 12-percent tax credit. If that were to ever come to fruition, Jimmie Alford, founder and chair, The Alford Group, Evanston, Ill., called it a potential "sea change" for the nonprofit sector as philanthropic gifts could become scarcer.

Alford, an executive-in-residence at North Park University in Chicago, said that nonprofits have three primary income streams: tax-based contracts or grants, philanthropy and fees for service. "We're in a cash-strapped environment," he said. "Philanthropy is under pressure, tax-based work is under pressure and really, how much price elasticity is there in fee-for-service work?

"In a competitive environment, there is a need

for the governing board to play a role in assuring the health of the organization," Alford said. "That's the board's most important strategic function—to help the organization figure out what its future should be."

Another aspect of assuming governance responsibility as a board member is to serve as a bridge to your broader community on behalf of the organization, Alford said. This is moving beyond the board's basic responsibilities of the duties of loyalty, care and obedience, he said.

Board members can use their spheres of influence to advance the mission of the organization through advocacy and promotion efforts, Alford said.

"One key function board members can perform is to enlist the support of other key leaders," Alford said. "If a board member is well-respected, out of respect for that board member, others will think about the organization and consider becoming involved."

Three tips for the perfect board/staff relationship

Your executive director has the authority to hire, fire, supervise, evaluate and discipline employees. That does not mean the board shouldn't have any interaction with nonprofit employees. Here are three ways board members and employees can work together effectively.

• Via committee service. Staff can offer important background information and expertise on certain board committees. The board should remember, however, that employees work on committee issues as a resource to the board. They are not there to discuss personnel matters.

At meetings. Many executive directors invite staff to

make presentations at board meetings. This is an excellent method to keep the board updated about projects and programs, while giving board members insight into the high quality of the organization's employees. At the same time, it gives board and staff members the opportunity for quality interaction.

• Through employee recognition efforts. In the board's relationship with employees, don't neglect the power of board recognition for the staff's work. Many boards express appreciation for this hard work through various individual award programs, as well as congratulations and board resolutions for special accomplishment.

Role of the Board of Directors

Use the following checklist to compare how well your board meets its responsibilities and adheres to best governance practices:

Key Points of Agreement between Board and Administrator:

• The Board does not manage the organization. The Executive Director must manage the organization in accordance with Board policy.

• The Board hires only one employee—the Executive Director. The Executive Director is responsible for all other personnel hiring decisions. The Executive Director is responsible for the organization's personnel management function. The Board must approve any salary/ compensation increase for the Executive Director and any changes in employee salary/wage scales.

• The Board sets the organization's priorities. These include long-term strategic goals, the budget and the organization's mission and vision.

Responsibilities of the Board

• Establish the organization's vision, values, mission and goals.

• Establish the organization's strategy and direction.

• Set policies and establish a method for ensuring compliance with the strategy and direction.

• Establish policies that govern the relationship between the Board and Executive Director.

• Maintain an effective connection to the community and the organization's stakeholders.

• Evaluate its performance and the performance of individual board members.

• Raise money on behalf of the organization (if applicable) and encourage others to give.

· Advocate on behalf of the organization.

• Ensure the organization's finances are audited annually.

• Evaluate the Executive Director annually.

• Ensure board members are educated on the function of governance and on developments in the organization's industry.

Define the board's meeting priorities

Does your board spend too much meeting time on trivial items, or matters that really are your executive director's responsibility? Board members are generally busy people with busy lives, who shouldn't be put through time-wasting board meetings.

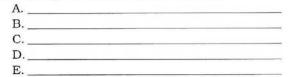

The best way to put your meetings on track and keep them there—is to create a list of the board's top priorities for the organization. Ideally, the board's priorities should flow from the organization's strategic plan.

Use the following Analysis of Meeting Priorities form along with a review of your organization's strategic plan to ensure your board makes the most of its meeting time. Once your priorities are in place, monitor how well the board adheres to them. For several meetings after the board has identified its top priorities, appoint a board member whose job will be to evaluate how effectively the board spent its time.

Analysis of Meeting Priorities

The Board's top priorities are (give consider-

ation to the organization's strategic plan, finances, business opportunities and challenges, and other items that belong to the board, such as the administrator's performance and evaluation):

An analysis of our priorities and the time spent on them:

1. Are the board's priorities emphasized at our meetings? If not, why?

2. Do we allocate more meeting time to these priorities than to less important matters?

3. How much meeting time is spent on each of our priorities?

4. In reviewing this meeting, which agenda items would have been better handled by the executive director and staff?

Detroit PL Facing Major Budget Crisis

In anticipation of a projected \$17 million budget deficit for FY11/12, which starts July 1, Detroit Public Library (DPL) is working on a budget reduction plan that will go into effect March 31. Particulars are still being worked out, DPL spokesperson Atiim Funchess told *Library Hotline*, but "everything is on the table." DPL is facing the possibility of layoffs, branch closures, reduced hours, and furloughs.

Something "proactive and aggressive" has to be done, said Funchess, who explained that the budget shortfall is caused by the usual reasons rising benefits costs and diminished property tax revenues. DPL's current annual budget is \$50 million.

The *Detroit News* reported that DPL could lay off up to 20 percent of its staff, or 83 FTE; DPL currently employs 416 staffers over 23 locations. Salaries potentially could be cut by ten percent, the newspaper reported.

Funchess wouldn't corroborate any information included in the story. He did confirm that DPL hasn't laid off any staff since 1984–85. DPL has a "rainy day fund" that has been built up over years of budget surpluses. Funchess was unprepared to cite a number, as the amount fluctuates according to the City of Detroit's accounting cycle. It may be used partially to offset budget gaps, he said.

The *News* reported that union officials are questioning how finances have gotten dire so quickly, saying officials gave most union employees six percent raises last year.

"The union is totally baffled on how in such a hole we are all of the sudden," Todd Kelly, president of American Federation of State, County and Municipal Employees Local 1259, which represents 125 workers including clerks, janitors, and security staffers, told the *News*.

Pierce County Library Fights To Keep Services

At first glance, the news for the Pierce County Library system, Tacoma, looks all good: an operating budget for FY11 (which began January 1) that is essentially flat compared to last year and three new branches opening.

LJ Is Looking for the 2011 Library of the Year

All libraries are good, some are great. *Library Journal* is looking for role-model libraries to vie for the honor of being the 2011 *Library Journal*/Gale Cengage Library of the Year. The \$10,000 prize, announced in a cover story in the June 15 issue of *LJ*, celebrates the library that most profoundly demonstrates service to the community; creativity and innovation in developing specific community programs or a dramatic increase in library usage; and leadership in developing programs that can be emulated by other libraries. Postmark deadline: April 4, 2011. Guidelines available at www.libraryjournal.com/loy

Rate Your Satisfaction with Your ILS

Library Journal is conducting a snap survey to determine library and patron satisfaction with integrated library systems (ILS) in both public and academic libraries. Are you in charge of technology, collections, or reference at your library? We are eager to hear your thoughts about the systems that you and your patrons use every day.

Please take a very brief survey (which will only take a minute or so to answer) at bit.ly/eJNW9w. Results of this study will appear in an upcoming LJ article in spring 2011.Thanks for supporting our research efforts!
