The department is utilizing a variety of ways to promote the community input opportunities. These include a direct mail invite to over 630 citizens, (Homeowners Association board members, User groups, boards, commissions, City Council, and city employees). A feature section on the City website, a feature on Update Novi on Channel 13, and stories in the Novi News on January 31st and February 7th.

To date, 47 people have enrolled for the focus group sessions, 10 people have completed the online survey and two people have completed the survey in the atrium. The master plan is expected to be submitted to City Council by February 28, 2008.
