SUBMITTING DEPARTMENT: Department of Public Works, Engineering Division

CITY MANAGER APPROVAL: *[Signature]*

BACKGROUND INFORMATION:

The Ingersol Creek Rehabilitation and Storm Sewer Replacement project requires the acquisition of several easements prior to earth disturbance. The easement permits the City to restore the streambank with grading, rip-rap, and mechanically stabilized vegetated earth in accordance with MDEQ requirements and project specifications.

The restoration of the Ingersol Creek from 10 Mile Road to Willowbrook Road is scheduled to occur in the fall of 2018.

The proposed easement has been favorably reviewed by the City Attorney (Beth Saarela, June 18, 2018) and is recommended for approval.

RECOMMENDED ACTION: Acceptance of a Storm Sewer Easement for parcel 50-22-25-203-007 as part of the Ingersol Creek Rehabilitation and Storm Sewer Replacement project.

**Re: *Bishop Creek and Ingersol Creek Streambank Restoration
Storm Sewer Easement***

Dear Mr. Herczeg:

We have received and reviewed, and enclosed please find the following original Storm Sewer Easement for the Bishop Creek and Ingersol Creek Streambank Restoration Project:

- Orahovac – 40111 Buckingham Ct.

The Easement permits the City to construct and maintain storm sewer improvements relating to the streambank restoration, in accordance with the Project specifications. The above permanent Easement was donated by the property owner with respect to the City's project. The Easement appears to be properly executed and consistent with the last deed of record for the subject property. We note that a lender consent was not required because there is no mortgage on the property.

The enclosed Easement should be placed on an upcoming City Council Agenda for acceptance. Once accepted, it should be recorded by the City Clerk's Office with the Oakland County Register of Deeds in the usual manner.

Please feel free to contact me with any questions or concerns in regard to this matter.

Very truly yours,

JOHNSON ROSATI SCHULTZ JOPPICH
