OCTOBER 12, 2020**

SUBJECT: Approval to purchase one (1) Lucas 3 chest compression system for the Novi Fire Department from Stryker, an authorized sole sourced dealer in the amount of \$18,163.28.

Submitting department: Public Safety, Fire Department
Department of Public Work, Fleet Division

EXPENDITURE REQUIRED	\$18,163.28
AMOUNT BUDGETED	\$ 110,050
APPROPRIATION REQUIRED	N/A
LINE ITEM NUMBER	101-337.00-983.030

BACKGROUND INFORMATION: The Novi Fire Department would like to purchase one Lucas 3 Chest Compression System package. This was budgeted with the new Suburban Command Vehicle equipment package. It will be placed on the Command Vehicle that responds to all cardiac arrest calls for service. The Lucas 3 Chest Compression System is a fully automatic compression unit to assist police, fire, and EMS personnel with high quality compressions during a cardiac arrest. Because the system is fully automatic, it will help reduce personnel fatigue from providing compressions on a cardiac arrest and create high quality compression for the duration of the call for service. This is the same unit our partners at Superior EMS currently utilize on their advanced life support ambulances. Keeping with the same unit will help streamline training for all our personnel.

It will be purchased as a sole source item, utilizing the Wayne County Bulk Buy quote that holds the only five (5) year warranty for the Lucas 3 chest compression system.

RECOMMENDED ACTION: Approval to purchase (1) one Lucas 3 chest compression system for the Novi Fire Department from Stryker, an authorized sole sourced dealer in the amount of \$18,163.28.

Meet the LUCAS[®] 3 Chest Compression System

LUCAS System

Smart. Hardworking. Built for the future.

The LUCAS chest compression system has been helping lifesaving teams around the world deliver high-quality, Guidelines-consistent compressions; in the field, on the move and in the hospital.

With over 12 years of clinical experience, we proudly present the third generation LUCAS device, built on the LUCAS legacy. The LUCAS 3 chest compression system has improved features to facilitate maintenance and handling and allows for new insights through easy, wireless access to device data.
