2. Approval of Resolution authorizing application from Hino Motors Sales USA, Inc. for an Industrial Facilities Tax Exemption Certificate for an approximately 124,000 square foot facility to be located at Twelve Mile Road and related Agreement concerning Industrial Facilities Tax Abatement.

City Manager Auger noted there was an error in the figures on the Packet material and there was an extra number added. The correct amount is $17,508,000.

Member Mutch asked the representative from Hino to step forward to answer a few questions. He wondered if Hino would actually own the property. The representative said yes they would. Member Mutch asked if the change of ownership had happened yet. Greg Champion said he was the in-house counsel for Hino Motors Sales and answered yes; they closed on the property on May 24th. Member Mutch mentioned a few issues he raised during the rezoning process including the potential need down the road to reroute Taft Road at the north end of the property. At the time the City entered into an agreement with this other property, they made a provision for the possibility that Taft Road could be rerouted across the Hino property, but there wasn't any exchange of property. He said one of the provisions of the agreement was that the developer at the time left open the opportunity to be compensated for that property. He wondered if Hino has had any discussions about whether they would be willing to donate that right-of-way in the future versus seeking the City to buy it from them. The representative replied that they have not had any discussion about that. Member Mutch also wondered if they were donating any of the frontage property for right-of-way along Twelve Mile Road. City Manager Auger confirmed there is dedicated right-of-way for Twelve Mile already planned for in that area. Member Mutch commented that this was an interesting project.

3. Approval at the request of Novi Town Center Investors, LLC for Building No. 2 Drive Through at Novi Town Center JSP 17-08, for approval of Special Land Use Permit, Preliminary Site Plan and Storm Water Management Plan for a proposed drive-through restaurant. The subject property is zoned Town Center District (TC) and is located in Novi Town Center in Section 14, near the northeast corner of Grand River Avenue and Novi Road.

Matthew Quinn was there on behalf of the Novi Town Center Investors and Jim Clear from the Town Center was there to answer any questions. Mr. Quinn said this project started over 2 years ago when the City gave approval to amend the Ordinance to allow a drive-thru in the former Biggby Coffee location. He said this will not be a true drive-thru restaurant. He said it will be a drive-thru added to the end cap that will allow them flexibility to bring in a national coffee chain so they can serve some breakfast items. He said they have gone through the process and all of the consultants have issued their recommendation letters. The Planning Department and Planning Commission have approved this unanimously. They hope to construct this by the end of the year.

AUDIENCE COMMENT- None

MAYOR AND COUNCIL ISSUES:

Member Wrobel said he had the opportunity to talk to the Mayor, several Council Members, and City staff regarding the Veteran’s Monument. He has received positive feedback so he thought he would like to discuss it further. Prior to last Memorial Day he said the Monument was generic, with no names. He said other communities include names of deceased veterans killed in action either on duty in combat or non-combat. He said a few weeks ago we honored one of our own who was killed in a training accident which made him rethink this again. He would like to see the City put the names of those veterans from Novi on that Monument to honor them individually for their service to the community and their country. He thought the Historical Commission could look into it or the staff may have a better idea. He would like to get it done by next Memorial Day. Mayor Gatt agreed with him and said most cities have something like this in front of their city hall and it is time that the City of Novi do this. Member Markham wondered if we knew how far back we would be going. Member Wrobel said he would like to go back as far as we can.

CONSENT AGENDA REMOVALS FOR COUNCIL ACTION: Consent Agenda items which have been removed for discussion and/or action.

Member Wrobel stated that Item C was regarding a Grant for $54,454 that they will be receiving from SMART for our Older Adult Transportation Program. He said they are in the infancy stage of looking at what we can do to enhance this program. He said Jeff Muck, PRCS Director and his staff are putting together a committee and they will have some town hall meetings regarding this issue. He wondered how they get money from SMART when he thought we opted out of SMART. Mr. Muck said this is part of the opt-out, so this qualifies the City for those funds. Member Wrobel wondered if after the committee and town halls they decide to enhance those services, would there be potential to get more money. Mr. Muck said it depends on the amount of the overall budget, so probably. Member Wrobel said at this time it is roughly 34% of the budget.
