City of Novi Non-Motorized Plan - Overview Map

The City of Novi Non-Motorized Plan is designed to create a safe, comfortable, and enjoyable environment for walking and cycling. The plan includes the following key elements:

1. **Greenways**: These are dedicated paths that connect major parks and destinations, promoting a healthy lifestyle.
2. **Bike Lanes**: These are designated paths for cyclists, ensuring their safety and separation from motorized traffic.
3. **Shared Paths**: These are paths shared by both cyclists and pedestrians, promoting a multi-modal approach to transportation.
4. **Cycling Facilities**: These include bike racks, bike repair stations, and other amenities that support cycling as a mode of transportation.
5. **Parking Strategies**: These include the design of parking areas to minimize congestion and promote efficient use of space.
6. **Public Transportation**: This includes the development of a robust public transportation system to reduce the need for personal vehicles.

The City of Novi Non-Motorized Plan is a comprehensive approach to creating a more sustainable and livable community.
