SUBJECT: Approval of Traffic Control Device Agreement with the Road Commission for Oakland County for the ongoing maintenance of the new traffic signal being installed at the intersection of Beck Road and Cider Mill Road.

SUBMITTING DEPARTMENT: Department of Public Services, Engineering Division *BTL*

CITY MANAGER APPROVAL: *[Handwritten initials]*

BACKGROUND INFORMATION:

The Road Commission for Oakland County (RCOC) has provided an Agreement for Traffic Control Device for the ongoing maintenance costs associated with the new traffic signal to be constructed at the intersection of Beck Road and Cider Mill Road. The construction for this signal was awarded at the July 12, 2010 Council meeting.

Once constructed, the agreement anticipates that the City will pay 100% of the maintenance costs for the signal (both Beck Road and Cider Mill Road are under the City's jurisdiction). Routine maintenance costs for this intersection are expected to average less than \$200 per month.

This is a standard agreement from RCOC that has been reviewed by the Engineering Division and approval is recommended.

Construction is scheduled to begin soon and completion is anticipated by November.
