# CITY of NOVI CITY COUNCIL

**Agenda Item 10**  
**July 23, 2012**

**SUBJECT:** Approval of Sign Ordinance Text Amendment 12-100.42, an ordinance to amend Chapter 28, "Signs," of the City of Novi Code to update language pertaining to gasoline station and automobile repair uses. **FIRST READING**

**SUBMITTING DEPARTMENT:** Community Development Department - Planning *Barb*

**CITY MANAGER APPROVAL:** 

**BACKGROUND INFORMATION:**

Planning staff have undertaken an extensive review of ordinance text related to automotive-related uses. During this review it has come to the attention of staff that there are multiple references throughout the City of Novi Code of Ordinances to the terms "Gasoline" and "Gas" when referring to motor vehicle fuel and motor vehicle fueling stations.

While this language is still generally relevant, with the advent of emerging alternative fuel options such as Ethanol (E85), Electricity, Compressed Natural Gas (CNG), Biodiesel and others, this language does not sufficiently encompass the broad array of fueling options which are rapidly becoming available to the general public. Staff believes that it is important to proactively update the City's ordinances in order to reflect these emerging alternate fueling options.

Of particular note is Chapter 28 of the City of Novi Code of Ordinances: Signs. Within this chapter there are multiple references to "Gas," "Gasoline" and similar, all of which can easily be updated to reflect a wider range of fueling options while maintaining the spirit, intent and substance of the ordinance. The proposed amendments to Chapter 28, the Sign Code change references from the terms "Gasoline" and "Gas" to "Fuel" and "Fueling", as needed.

The Planning Commission held the required public hearing and recommended adoption of the amendment on July 2, 2012. The City Council is asked to consider the accompanying amendments to the Zoning Ordinance and the attached sign ordinance amendments for approval of a First Reading.

**RECOMMENDED ACTION:** Approval of Sign Ordinance Text Amendment 12-100.42, an ordinance to amend Chapter 28, "Signs," of the City of Novi Code to update language pertaining to gasoline station and automobile repair uses. **FIRST READING**

## PUBLIC HEARINGS

### 5. SIGN ORDINANCE TEXT AMENDMENT 12-100.42 FOR REGULATIONS RELATING TO GASOLINE STATION AND AUTOMOBILE REPAIR USES

Public Hearing for Planning Commission's recommendation to the City Council to amend Chapter 28, "Signs" of the City of Novi Code to update ordinance language pertaining to gasoline stations and automobile repair uses.

Planner Sarah Fleming said planning staff have undertaken an extensive review of ordinance text related to automotive – related uses. During this review it has come to the attention of staff that there are multiple references through the Code of Ordinances to the terms "Gasoline" and "Gas when referring to motor vehicle fuel and motor vehicle fueling stations". While this language is still generally relevant, with the advent of emerging alternative fuel options such as Ethanol (E85), Electricity, Compressed Natural Gas (CNG), Biodiesel and others, this language does not sufficiently encompass the broad array of fueling options which are rapidly becoming available to the general public. Staff believes that it is important to proactively update the City of Novi Code of Ordinances in order to reflect these emerging alternative fueling options.

Of particular note is Chapter 28 of the Code Ordinances: Signs. Within this chapter there are multiple references to "Gas", "Gasoline" and similar, all of which can easily be updated to reflect a wider range of fueling options while maintaining the spirit, intent and substance of the ordinance. In order to be proactive in addressing emerging alternative fuel products, staff recommends that all references to the terms "Gasoline", "Gas" and similar in Chapter 28 of the Code of Ordinances be amended to read "Fuel," "Fueling" and similar. Staff requests that the Planning Commission hold the required public hearing and recommend approval of this proposed ordinance amendment forwarding any recommendation to City Council for reading and adoption.

No one from the audience wished to speak and there was no correspondence. Chair Pehrson closed the public hearing.

Moved by Member Lynch, seconded by Member Gutman:
