Re: City Council Agenda - Monday October 22 - Great Lakes State Fair Presentation

Dear Mayor Gatt and Manager Pearson,

October 15, 2012

It is with great pleasure that I request the opportunity to come before the Novi City Council at your Monday, October 22nd meeting to, along with members of the Great Lakes Agricultural Fair Board out venture partners relating to the Great Lakes State Fair, make a presentation to the City of Novi. I once again want to personally and formally thank the City, the Administration, The Employees and members of the staff and department who all were invaluable in making this inaugural effort for revving a State Fair for Michigan in Novi a huge success.

At the presentation, we will be presenting to the City of Novi, on behalf of its dedicated employees and staff members, a modest donation in recognition of their efforts to be applied towards 2 important City of Novi causes. The first being the Pavilion Shores Park and the second being the effort relating to the David Barr Art Park.

We look forward to making this presentation and sharing further information about the plans for the 2013 Great Lakes State Fair event.

With Warm Regards

Very Truly Yours,

Blair M. Bowman
