Whether you opened a business or you're thinking about it, the Oakland County One Stop Shop Business Center has resources to help you. This program provides you with confidential small business counseling. You receive one-on-one advice from an experienced business consultant — with no appointment necessary on Thursdays.

Counselors offer direct answers to startup questions, suggest next steps and provide guidance on business-planning tools — all free of charge.

Walk-in sessions are available on a first-come, first-served basis. Each session is limited to 15 minutes.
