## ZONING BOARD OF APPEALS STAFF REPORT

**FOR:** City of Novi Zoning Board of Appeals      **ZONING BOARD APPEALS DATE:** January 9, 2023

**REGARDING:** 40255 Grand River Avenue, Parcel # 50-22-24-451-005 (PZ23-0070)

**BY:** Alan Hall, Deputy Director Community Development

### I. GENERAL INFORMATION:

#### **Applicant**

Colucci Properties LLC

#### **Variance Type**

Dimensional Variance

#### **Property Characteristics**

Zoning District: This property is zoned Non-Center Commercial (NCC)

Location: south of Grand River Avenue, east of Haggerty Road

Parcel #: 50-22-24-451-005

#### **Request**

The applicant is requesting a variance from the City of Novi Zoning Ordinance Section 4.19.2.f.iv to allow the location of a dumpster enclosure within the required 10 ft. rear yard setback. The existing dumpster from the adjacent property encroaches 2.5 ft. onto the property. This variance would clarify the location of the dumpster for any future project proposals.

### II. STAFF COMMENTS:

*The applicant is seeking a dimensional variance for an existing dumpster which is located on two separate properties (currently owned by the same entity). A new cross easement has been identified for the existing utilities and this existing dumpster enclosure on the site plan. Even though the existing dumpster enclosure is positioned in this newly created easement, a dimensional variance will be needed for both properties. **At the previous ZBA hearing, approval was granted for a zero-lot line variance regarding the Address 40245 Grand River Ave. Now the applicant is seeking a zero-lot line variance regarding the Address 40255 Grand River Ave. which is the opposing side of that same property line.***

**III. RECOMMENDATION:**

The Zoning Board of Appeals may take one of the following actions:

1. I move that we ***grant*** the variance in Case No. **PZ23-0070**, sought by \_\_\_\_\_, for \_\_\_\_\_ because Petitioner has shown practical difficulty requiring \_\_\_\_\_.

(a) Without the variance Petitioner will be unreasonably prevented or limited with respect to use of the property because \_\_\_\_\_.

(b) The property is unique because \_\_\_\_\_.

(c) Petitioner did not create the condition because \_\_\_\_\_.

(d) The relief granted will not unreasonably interfere with adjacent or surrounding properties because \_\_\_\_\_.

(e) The relief if consistent with the spirit and intent of the ordinance because \_\_\_\_\_.

(f) The variance granted is subject to:  
1. \_\_\_\_\_  
2. \_\_\_\_\_  
3. \_\_\_\_\_  
4. \_\_\_\_\_

2. I move that we **deny** the variance in Case No. **PZ23-0070**, sought by \_\_\_\_\_, for \_\_\_\_\_ because Petitioner has not shown practical difficulty requiring \_\_\_\_\_.

- (a) The circumstances and features of the property including \_\_\_\_\_ are not unique because they exist generally throughout the City.
- (b) The circumstances and features of the property relating to the variance request are self-created because \_\_\_\_\_.
- (c) The failure to grant relief will result in mere inconvenience or inability to attain higher economic or financial return based on Petitioners statements that \_\_\_\_\_.
- (d) The variance would result in interference with the adjacent and surrounding properties by \_\_\_\_\_.
- (e) Granting the variance would be inconsistent with the spirit and intent of the ordinance to \_\_\_\_\_.

Should you have any further questions with regards to the matter please feel free to contact me at (248) 347-0423.

# ZONING BOARD OF APPEALS APPLICATION

## V. VARIANCE

### A. VARIANCE (S) REQUESTED

DIMENSIONAL     USE     SIGN

There is a five-(5) hold period before work/action can be taken on variance approvals.

### B. SIGN CASES (ONLY)

Your signature on this application indicates that you agree to install a **Mock-Up Sign** ten-(10) days before the schedule ZBA meeting. Failure to install a mock-up sign may result in your case not being heard by the Board, postponed to the next schedule ZBA meeting, or cancelled. A mock-up sign is **NOT** to be actual sign. Upon approval, the mock-up sign must be removed within five-(5) days of the meeting. If the case is denied, the applicant is responsible for all costs involved in the removal of the mock-up or actual sign (if erected under violation) within five-(5) days of the meeting.

### C. ORDINANCE

#### City of Novi Ordinance, Section 3107 – Miscellaneous

No order of the Board permitting the erection of a building shall be valid for a period longer than one-(1) year, unless a building permit for such erection or alteration is obtained within such period and such erection or alteration is started and proceeds to completion in accordance with the terms of such permit.

No order of the Board permitting a use of a building or premises shall be valid for a period longer than one-hundred and eighty-(180) days unless such use is establish within such a period; provided, however, where such use permitted is dependent upon the erection or alteration or a building such order shall continue in force and effect if a building permit for such erection or alteration is obtained within one-(1) year and such erection or alteration is started and proceeds to completion in accordance with the terms of such permit.

## Statement in Support of Variance Request and Associated Documents

The Colucci family has owned and operated 40245 Grand River Ave. and 40255 Grand River Ave. for approximately 30 years. Over the years, 40245 Grand River was first developed and then 40255 Grand River constructed, with certain elements such as utilities and a refuse bin enclosure (the "Dumpster Enclosure") shared by the buildings. Photographs of the Dumpster Enclosure are attached as **Exhibit A**. The improvements located at 40245 Grand River were constructed in approximately 1987. 40245 Grand River building underwent substantial interior renovation in 2012 when Botsford Hospital became a tenant in the building.

The improvements located at 40255 Grand River were constructed in the mid-1990's and it is believed that the Dumpster Enclosure was constructed at approximately the same time as the building. The 40255 building (excluding tenant spaces) was "finaled" in 1995 (and again in 1998). On information and belief, the Dumpster Enclosure was constructed prior to the completion of construction in conjunction with the 40255 building.

During the last approximately 30 years, the Dumpster Enclosure has served both 40255 and 40245 as depicted in the ariel photograph attached as **Exhibit B**. The ariel photograph shows the location as well as a small encroachment of the dumpster enclosure from 40245 Grand River onto 40255 Grand River. A recent survey by Boss Engineering attached as **Exhibit C** confirms the location and extent of encroachment of the Dumpster Enclosure.

Other than the Dumpster Enclosure being located within a ten (10) foot setback and encroaching on 40255 Grand River by approximately 2.4 feet, the Dumpster Enclosure meets other applicable requirements:

- Located in rear yard of 40245 Grand River.
- Away from barrier free spaces.
- Screened from public view with brick and block construction.
- Wall or fence 1 foot higher than height of refuse bin and no less than 5 feet on three sides.
- Post and bumpers to protect the screening.
- Hard surface (concrete) pad.

The Colucci family plan on selling 40245 Grand River and 40255 Grand River separately. As such, a variance for the placement of the Dumpster Enclosure is being sought. Additionally, a proposed Cross Easement for Utilities and Refuse Enclosure (the "Cross Easement") has been drafted and circulated for review by the Planning Department and the Legal Department. A copy of the proposed Cross Easement, without exhibits is attached as **Exhibit D**. A simplified rendering of the proposed Cross Easement is attached as **Exhibit E**.

***Legal and Engineering approvals have been received, copies of which are attached as Exhibit F.***

Based on the foregoing, the undersigned seeks a Non-Use/Dimensional Variance for the continued use of the Dumpster Enclosure. A variance for the continued use of the Dumpster Enclosure is appropriate on several grounds.

1. Unique Site Conditions.

As can be seen from the Ariel Photograph and the Survey, 40245 Grand River (and 40255 Grand River) present unique circumstances due to the nature of the site. The Dumpster Enclosure is required to be in the rear yard and there is less than 10 feet from the curb to the rear property line. (See, Exhibit 3, Zoom view of 40245 Rear Yard). Although there is a grass area next to Old Orchard, there is not sufficient room to locate a dumpster enclosure within a required setback from the right of way for Old Orchard street. (See, Section 4.19.2.F.v). Further practical difficulties exist in a DTE transformer (and associated high voltage lines) is approximately nine (9) feet in front of the Dumpster Enclosure. Additionally, a significant amount of the 40245-parking lot drains to a catch basin in front of the Dumpster Enclosure. Thus, as a practical matter, there is no alternative location.

## 2. Not the Result of Owner Actions.

As noted above, there really is no other location available for the Dumpster Enclosure. Moreover, as a practical matter, refuse trucks need a large area within which to safely operate. The preferred approach is straight on with an exit that does not require turning the truck around. In this case, refuse trucks come in from Grand River Ave., straight down to the Dumpster Enclosure and then exit to the East onto Old Orchard Street.

Additional site characteristics, not the fault of the owner, create practical difficulties pertaining to the Dumpster Enclosure. The Dumpster enclosure cannot be moved forward due to existing parking lot drainage identified as "CB" on Exhibit 3. Similarly, a DTE transformer located approximately 2 feet west and 9 feet north of the Dumpster Enclosure and moving the enclosure forward would interfere with the service clearances for the transformer.

## 3. Strict Compliance

As noted above, there are significant issues with any attempt to relocate the Dumpster Enclosure. Strict Compliance with the setback requirement would be unnecessarily burdensome and economically wasteful.

## 4. Minimum Variance

Leaving the Dumpster Enclosure in place represents the minimum variance required to do substantial justice to the applicant and other property owners in the district.

## 5. No Property Value Impact

Leaving the Dumpster Enclosure in the current location will not cause an adverse impact on surrounding property, property values or the use and enjoyment of property in the neighborhood or zoning district. The Dumpster Enclosure has been located in the current place for approximately 30 years.

Novi, MI 48375-3024

**RE: 40245 and 40255 Grand River – Veterinary Clinic JSP23-43**  
***Cross Easement Agreement for Utilities and Refuse Enclosure***

Dear Ms. McBeth:

We have received and reviewed the revised draft Cross Easement Agreement for Utilities and Refuse Enclosure for the 40245 and 40255 Grand River provided in connection with the development of the proposed veterinary clinic. In addition to allowing both parcels to access utilities in the easement area, the purpose of the easement agreement allows for both parcels to access and use the dumpster enclosure located on the 40245 Grand River parcel. The exhibits have been reviewed and approved by the City's Consulting Engineer. The Cross Easement Agreement for Utilities and Refuse Enclosure is acceptable for the purposes provided and may be executed and submitted to the City for recording with the Oakland County Register of Deeds.

**This review is subject to additional comments by City Engineering Division and Planner.**

Should you have any questions or concerns relating to the issues set forth above, please feel free to contact me in that regard.

Very truly yours,

ROSATI SCHULTZ JOPPICH  
& AMTSBUECHLER PC

CROSS EASEMENT AGREEMENT FOR UTILITIES  
AND REFUSE ENCLOSURE USE

KNOW ALL MEN BY THESE PRESENTS, that Colucci Family Investments, LLC ("Colucci Family Investments"), a Michigan Limited Liability Company, whose address is 33659 Angeline Ave., Livonia MI 48150, owner of 40255 Grand River Ave., Novi, MI 48375 ("40255") (as described on the attached **Exhibit A**), and Colucci Properties, LLC ("Colucci Properties"), a Michigan Limited Liability Company, whose address is 33659 Angeline Ave., Livonia MI 48150, owner of 40245 Grand River Ave., Novi, MI 48375 ("40245") (as described on the attached **Exhibit B**) in consideration of (\$1.00) and the mutual promises and obligations recited below, hereby covenant and agree as follows:

**WHEREAS** 40255 and 40245 have shared certain utilities and associated land upon which the utilities are located (the "Utility Area") and a refuse bin enclosure (the "Trash Enclosure") along with the land upon which the Trash Enclosure is located as depicted on the drawing attached as **Exhibit C**.

**WHEREAS** the each of the parties hereto intend on selling their respective interests in 40255 and 40245 in the future in a manner which preserves the continued shared use of the Utility Area and the Trash Enclosure in the same or similar manner as has heretofore been the case.

NOW, THEREFORE, IT IS HEREBY AGREED:

1. Colucci Family Investments for the benefit of Colucci Properties and its successors, assigns and transferees, hereby grants Colucci Properties an easement in and to 40255 Grand River Ave., Novi, MI 48375, for utilities and maintenance of a refuse bin in the Trash Enclosure and refuse service associated therewith ("**Easement 1**") depicted on **Exhibit D** and as described on **Exhibit D-1**.
2. Colucci Properties for the benefit of Colucci Family Investments and its successors, assigns and transferees, hereby grants Colucci Family Investments an easement in and to 40245 Grand River Ave., Novi, MI 48375, for utilities and maintenance of a refuse bin in the Trash Enclosure and refuse service associated therewith ("**Easement 2**") depicted on **Exhibit E** and as described on **Exhibit E-1**.
3. **Easement 1** and **Easement 2** shall be collectively known as the "Easement Areas" as more fully depicted on **Exhibit F** and described in **Exhibit F-1**.
4. The Easement Areas are intended to facilitate the continued use and sharing of the Utility Area and the Trash Enclosure in a manner consistent with past practice.
5. With respect to the Utility Area, each user of the Easement Areas shall be entitled to use, maintain and reasonably expand the current utility uses in the Easement Areas, including, but not limited to, electric, natural gas, communications, cable, fiber-optic, telephone service and other similar utility uses as may now exist or be developed in the future, such as additional parking lot lighting or electric vehicle charging stations. To the

extent possible, utilities shall be located below grade unless otherwise required for the intended use, such as electric vehicle charging stations and/or parking lot lighting. In the event of repair, replacement, or expansion of utilities within the Utility Area, the parcel owner (or sometimes referred to as the "User") commissioning, directing or otherwise undertaking the same, shall be responsible for restoration of the area to the same or similar condition it was prior to the repair, replacement or expansion. Notwithstanding anything to the contrary, expansion of any utility use in the Easement Areas shall not unreasonably interfere with or displace current uses and any use expansion shall be subject to consent of the parties, which consent shall not be unreasonably withheld.

6. With respect to the Trash Enclosure, each user of the Easement Areas shall be entitled to use and maintain a refuse bin, not to exceed a six (6) yard container, within the Trash Enclosure in a manner consistent with applicable local ordinances or regulations. The 40255 property shall use the right (west) side of the Trash Enclosure and the 40245 property shall use the left (east) side of the Trash Enclosure. Each user of the Trash Enclosure Easement Area shall make reasonable efforts to ensure that only permitted waste shall be disposed of in the Trash Enclosure and shall not overfill their respective refuse bins nor use the other user's refuse bin without permission. Each user of the Trash Enclosure may enter into separate agreements for placement and service of its refuse bin on a frequency or manner which best suits its needs. The Easement Areas include access to and from the Trash Enclosure with the actual route and removal schedule as may be reasonably determined by the trash removal contractor.
7. The Easement Areas shall be maintained in a good and useful condition by the respective parcel owners (including keeping areas reasonably free of ice and snow), with damages caused by either parcel owner or its employees, guests or invitees to be promptly repaired by the parcel owner, causing or responsible for the employee, guest or invitee causing the damage, at its sole expense. Upon a failure of a parcel owner to promptly repair damage to the Easement Areas as required by the preceding sentence or to otherwise maintain the Easement Areas in the required condition, the other parcel owner may do so with the actual and reasonable costs incurred chargeable to and promptly payable by the responsible parcel owner. For purposes of the activities required and authorized by this section, the parcels shall be subject to and burdened by temporary easements over such portions of the parcel as are reasonably necessary for the performance of the required maintenance or repairs or other activities permitted by the Easements granted herein.
8. The easements and the rights and responsibilities set forth are permanent and perpetual and intended to bind the parties hereto, their heirs, successors and assigns, and their respective properties, to touch and concern said parcels, and to run with the land and succeeding interests therein.
9. This agreement and the easements granted may not be expanded or modified except by a further agreement in writing and in recordable form by the parties hereto or their heirs, successors or assigns.

**Work Description**

DIVERSIFIED DEVELOPING - KEN ALBERS Zoned Light Industrial (I-1) Requesting dimensional variance Parcel A - Section 3.1.18 Parking setback Side (west) 5 feet Parcel B - Section 3.1.18 Building setback Front (north) 20 feet Parcel B - Section 5.12 Public road frontage 76 feet JUNE 14, 2022 ZBA MEETING PZ22-0021 (Diversified Developing LLC) 45283-45295 Grand River Avenue, East of Taft Road and North of 11 Mile Road, Parcel 50-22-15-351-044. The applicant is requesting variances from the City of Novi Zoning Ordinance. From Section 3.1.18 a parking setback of 5 feet on the west side of the proposed Parcel A (10 feet required, variance of 5 feet) and a front yard building setback of 20 feet of the proposed Parcel B (40 feet required, variance of 20 feet). From Section 5.12 to allow a lot with no public road frontage for Parcel B. These variances are for the splitting of an existing developed 1.66 acre lot into two lots. This property is zoned Light Industrial (I-1). The motion to approve case PZ22-0021 for splitting of an existing developed 1.66 acre lot into two lots was approved. The petitioner has shown practical difficulty requiring separate lots. Without the variance Petitioner will be unreasonably prevented or limited with respect to use of the property because it cannot serve as separate sites. The property is unique because the buildings were previously built. There is no new construction going on. The applicant did not create the condition because it was purchased that way. The relief granted will not unreasonably interfere with adjacent or surrounding properties because there are no construction changes. The relief is consistent with the spirit and intent of the ordinance because it is an industrial property. Motion Maker: Thompson Seconded: Sanghvi Motion Passed 7:0
