

**CITY OF NOVI CITY COUNCIL  
MAY 5, 2025**

**SUBJECT:** Consideration of a resolution for the Fiscal Year 2025 - 2026 Budget and Acknowledging the Multi-Year Budget, Including Projections of Future Fiscal Years 2026 - 2027 and 2027 - 2028.

**SUBMITTING DEPARTMENT:** Finance

**KEY HIGHLIGHTS:**

- Updated FY 25/26, including the four (4) adjustments requested by City Council at the April 16, 2025, Budget Session
- Recommended Budget maintains fund balances within desired ranges
- Per state law, a public hearing on the budget was held at the beginning of the May 5<sup>th</sup> Council Meeting
- Millage rates are held at the same levels as the prior year

**BACKGROUND INFORMATION:**

Attached for your consideration is the adopting resolution for the Fiscal-year 2025-2026 Budget and acknowledgement of the multi-year budget. The budget process started in August 2024 with the development of the capital improvement program. Following that, departments worked on their operating budgets to draft a budget that complied with the overall goals set by the Novi City Council. The Recommended Budget was presented initially to City Council on April 16, 2025.

At the City Council Budget Session, City Council approved the following adjustments to the City Manager's Recommended FY 2025-26 Budget:

- **Adjustment 1:** The proposed savings from the outsourcing of Older Adult Transportation should not be used to fund operating expenses within the Parks, Recreation and Cultural Services Fund. It was suggested that the savings from transportation would be used to pay for capital; therefore, the General Fund transfer in to help subsidize capital purchases would no longer be needed. The Parks and Rec Fund will reduce operating expenses by \$75,000 and increase program revenue fees by \$120,000 in fiscal year 2026 and subsequent years in order to have no impact on fund balance.

- **Adjustment 2:** In the Parks, Recreation and Cultural Services Fund, set aside \$5,000 for the first Diwali Festival. These costs will be absorbed into the fund.
- **Adjustment 3:** Remove tree inventory from Tree Fund other charges and services totaling \$140,000
- **Adjustment 4:** Use of General Fund fund balance for \$75,000 for possible broadband study.

The following pages provide a financial summary showing the amendments' impact on the General, Parks, Recreation, Cultural Services, and Tree Funds.

Also attached are all pages from the Financial Schedules section of the Recommended Budget document, which incorporates the City Council's adjustments suggested at the Budget Session on April 16, 2025, and all other funds that had no changes.

The City of Novi utilizes multi-year budgets as a planning tool to fulfill the City Council's strategic goals and objectives and operate within its means. The multi-year budget balances future revenues with the corresponding expenditures. It maintains the fund balances for the General Fund and Special Revenue Funds within the limits set by the City of Novi's Fund Balance Policy. Furthermore, the multi-year budget also incorporates the long-range elements of the Capital Improvement Program (CIP) as approved by the City's Planning Commission and presented at the Public Hearing on February 26, 2025.

**RECOMMENDED ACTION:** Approval of Resolution for Fiscal-Year 2025-2026 Budget and Acknowledging the Multi- Year Budget, Including Projects of Future Fiscal-Years 2026-2027 and 2027-2028.

## Budget Summary

The Library Board unanimously approved its 2025-2026 budget on February 13, 2025. The budget for 2025-2026 shows the potential usage of fund balance in the amount of \$620,242 to offset the expenditures. The Library Board and Library Director is aware of this potential usage and the usage of additional fund balance in future years.

Based on the approved budgets that were submitted to the City Finance Dept. on February 13, 2025, there is an additional estimated year-end savings in fiscal year 2024-2025 of approximately \$118,000. With the year not complete, the Board and Director are planning for at least an additional \$100,000 in savings in personnel and operational costs. The Board and Director are also watching other expenditure budget lines for savings.

Annually, when budgets are created for the Library, Library Administration takes into account all positions being filled for the full fiscal year, all projects being completed by end of year and all expenses to come in on target based on past years' data. This is being watched carefully by the Library Board and Director. Over the past few years as the building has aged, the Library has experienced rising costs for HVAC repairs, elevator upgrades and repairs, building cleaning, book collections (both in print and digital) as well as many needed upgrades to the library's technology systems (firewall, security camera system, Wi-Fi upgrades). The concern for these rising operational costs have been shared with City Leadership and members of City Council over the past few years knowing these operational costs were continuing to rise and the need to ask for additional support would be needed in the future.

The Library Board and Director provide a conservative outlook for the budgets annually so that there are no surprises during the year. The Library Board and Director look at projects that can be held off if costs are of concern, and detailed conversations occur with all Library Board members during budget sessions to determine the needs of the Library. The 272 Library Contributed Fund has been historically used for large capital projects such as annual parking lot resurfacing, furniture replacement in the public areas of the library, a Teen Area renovation, etc. This account has a current fund balance of \$1.5 million. In the 2025-2026 budget there are plans for a replacement of the Automated Materials Handling System (AMHS), which is fifteen years old, technology replacements for public areas, furniture replacement and an architect review of the main entrance lobby for heating concerns.

When the new library was approved by Novi residents in 2007, an increase in personnel costs to operate the new building was not requested, even though it has taken four additional full-time employees from 2010-2025 to provide the services the Novi community has requested. These added positions include: International Language Librarian, Early Literacy Librarian, Outreach Librarian and Digital Services Librarian. The bond was for building costs only. The footprint for the Library was going from approximately 24,000 sq. ft. to 59,000 sq. ft. It was understood that any additional costs for the new library building, during the next ten to twelve years, would need to come from fund balances. It has now been over fifteen years. The Library Board and Director have been cautiously utilizing the reserves in the fund balance to offset expenditures when needed, and for the first time, this amount has been greater than in previous years, as well as projecting larger needs in the future.

### Current Plan of Action:

- A reserve study is being conducted in June 2025 to determine future capital costs for the Library.
- The Library currently has 23 full-time positions and 40 part-time positions. There are no additional positions being added to the organization.
- Review current programming and service statistics to reduce the amount of events and resources that are currently being offered by the Library, if necessary.
- Review the current usage of the Library to consider a reduction in public hours, if necessary.
- Review current state and federal funds that could impact services for the public.

At this time, the Library Board and Director are bringing to City Council's attention the need to consider future operational funding for the Novi Public Library. The debt service for the current building bond will expire in 2026-2027. We are requesting a portion of those funds to be reallocated for operational purposes, including anticipated capital costs for repairs and replacements. The Library Board and Director do not feel the full amount of approximately \$1.6 million, which is currently being collected from residents is necessary. The Library Board and Director will provide a more detailed cost analysis following the completion of the reserve study.
