#### MEMORANDUM

TO: DAVID E. MOLLOY, DIRECTOR OF PUBLIC SAFETY

JEFFERY R. JOHNSON, DIRECTOR OF EMS/FIRE OPERATIONS

FROM:

MARK THEISEN, CAPTAIN

(MT)

SUBJECT:

**ENGINE 5 REPLACEMENT** 

**DATE:** 

JULY 17, 2021

An apparatus committee was formed to look at the needs for the replacement of Engine 5, that has been approved for the 2021/22 budget. The committee consisted of Captain Mark Theisen, Fire Protection Officer Brian Luke, and Paid on Call Firefighter Greg Lis to design and build a new Engine to meet the needs of the Novi Fire Department.

The Novi Fire Department is constantly monitoring the essential fire apparatus to make sure that our fleet is well maintained and in good general working condition. The current Engine 5 is 2005 Seagrave with 71,276 miles, a 1000-gallon tank, and 1250 gallon per minute pump. It also carries a set of hydraulic extrication equipment.

The proposed replacement vehicle is a 2021 Sutphen Custom PA-17 Heavy-Duty Engine sold by Sutphen Corporation Dealer Apollo Fire out of Bruce Township, Michigan. This new Engine will be equipped with a Q Max 2000 GPM Hale pump, 750-gallon polypropylene tank, and a 20-gallon on board Hale Smart Foam 2.1A Class A Direct Inject Foam System. There will also be an increased lighting package for safety while responding to emergency incidents, additional scene lighting, and custom storage compartments that will allow the streamline of equipment storage as to match our current fleet.

The preliminary cost for the Engine was submitted to Sourcewell Cooperative Purchasing. This contract pricing ensures that we will get the lowest price available for the Sutphen Engine. The City of Novi belongs to Sourcewell and has utilized this pricing with other projects so we will not have to go out for bid with other apparatus manufacturers.

The budgeted amount for the Engine replacement is \$890,004. The current Sourcewell pricing for the new Sutphen Engine is \$882,595.76. There are several discounts available if prepayment is made. Option 4 (See Sutphen Down Payment Discount List) is \$870,827.82 if the Engine is prepaid in full. This is a savings of \$11,767.94 and backed by a performance bond to ensure no risk by the buyer if something should happen to Sutphen Manufacturing.

Please contact me with any additional questions or comments.
