RE: JD Racing Liquor License Transfer

Dear Ms. Spalding,

We've been in contact re: the filing of the transfer paperwork to city of Novi and I appreciate your guidance thus far. Today, I was able to get with Novi PD and finger print Aaron Banfield, owner of Full Throttle Adrenaline Park Novi LLC, who lives in Cincinnati area.

Full Throttle Adrenaline Park Novi is the new owner of JD Racing indoor karting that is located within the 12 Mile Crossing Shopping area located on the Southwest side of 12 mile rd/Donelson rd. We are excited to offer our "Safety - Service - Success" level of business style within the city of Novi & Oakland county Community.

Since Opening under the Full Throttle brand name on 1.7.2021, the tenant space has received new Full Throttle brand signage (large sign request granted by ZBA 3.9.21) and installed early June this year. All other elements of the facility regarding walls, interior space, electrical, and mechanical have remained the same.

The purpose of this letter is to address concerns and expectations of the city of Novi, as well as submit all the necessary answers to the Questionnaires A-B-C respectively, which are provided in the following pages. If any notes or documentations need further due diligence, Please let me know what to supply or any further required information needed in this license transfer process.

Regards,

Tony Eckrich
Director of Growth-Real Estate
Full Throttle Adrenaline Parks

In the midst of covid 19, late summer of 2020, Aaron Banfield owner of Full Throttle Adrenaline Park of Cincinnati began discussions with JD Racing indoor karting owners about possibly purchasing the indoor karting facility that opened in 2012. Prior owners were considering selling the assets of their indoor facility, as they are going to develop-operate an outdoor track in Howell, MI which supports faster speeds for auto racing and continue to pursue their passion in the motorsports industry. The JD Racing name will stay with the sellers as part of the purchase agreement and agreed to transfer the existing license to buyers, once approved by State / Local government.

Licensing Policy:

A)

Full Throttle Adrenaline Park (FTAP) felt confident purchasing the track and related assets of JD Racing indoor karting (JDR) because of the economic stability of the Oakland county area and specifically the geographic location that Novi offers.

Safety – Service – Success is our corporate philosophy at Full Throttle. Our team of trained track coaches, customer service representatives, shift managers, area managers and operations managers have transitioned well at the facility and actively engage with guests to ensure they have a 5 star visit to our facility. The facility had a 4.3 star google rating and we are actively working to boost that up to at least 4.7 stars.....and that is a lot of work. This industry has its challenges and our operational procedures help the staff achieve higher standards than our competitors, and we look forward to continue and improve, all guests' experience to facility.

Our services cater primarily to the entertainment industry, yet we also provide meeting / event space for gatherings of up to 200 guests + or minus. *The unique service* of indoor go karting has been provided by JD Racing since 2012. Full Throttle has 8 years of experience in the karting industry (Cincinnati) and has already added a 4 Player, Halogate Virtual Reality system in the tenant space to increase attractions for guests, and is actively improving the go kart equipment that was showing age as well as minor improvements to décor and interior branding.

The facility looked great when purchased and we will continue the high standards of what JD Racing has passed on to us at Full Throttle. FTAP looks forward to provide unique attractions that compliment the 12 mile crossing shopping area and the city of Novi and beyond.

B)

Owner Aaron Banfield, established his original concept for indoor karting within 46,000 sq. ft located in commercial retail space in 2011-Cincinnati, OH and now occupies over 120,000 sq. ft and includes multiple attractions such as Paintball, Karting, Video Axe Throwing lanes and Rage Rooms along with Bar/snack bar services. Mr. Banfield also acquired a second karting facility in Florence, KY in 2017, which offers the same exciting attractions as Cincinnati, with the exception of paintball.

Working towards a consistent, common goal of business ethics within the community of Novi and Oakland County, Aaron Banfield will bring the same focus and attention to growing the business

internally and externally. He has a demonstrated commitment to innovation and success over nearly 10 years in the entertainment industry.

Adrenaline Pass:

Aaron, during covid summer 2020 had the audacity to charge \$50 for a 2 hour visit to the Cincinnati Full Throttle location AND control the amount of guests in building. This was in order to stay within the maximum amount of people in building, per Ohio government "covid 19" requirements at the time. Many customers were used to paying nearly \$60 for 3 kart races. Now to include Axe throwing plus go karting for one flat price!?! The move has proven to be a winner. Novi currently includes karting and Virtual Reality in their "Adrenaline Pass" program.

Novi, MI-Cinci,OH-Florence,KY all offer the 2 hour "Adrenaline Pass" program, which has increased revenues by 20%, and allows staff to provide better service to a smaller amount of overall people. "It just works better" says Ray Schulte operations manager at Novi facility. He addressed "online booking has really streamlined the check in process and guests like the 2 hour time block".

Novi has vast offerings now for the entertainment industry with the recent addition of I-Fly on the S. side of I-96.....Full Throttle is confident that we too will be among the elite attractions the city has to offer both citizens of Novi AND the people of S.E. Michigan and beyond.

C)

With any business decision....costs are expensive to build a business as well as acquire a business. Considering doing any of this during a pandemic? You may think it's crazy to take over and run a business in any industry. Opportunities within stable, growth oriented geographic markets do not fall off the tree. JD Racing was one of those opportunities in a great market.

Owner Aaron Banfield represents the style of owner that gets involved and gets things done. Investing in the acquisition of a business takes confidence and knowledge as well as money and time. All four of these elements are critical to getting things done, which goes to show what Banfield will do to continue feeding his desire to succeed. The representatives of Full Throttle Novi who live locally, will likely be the ones more engaged with local chamber of commerce programs or participating in city events. Yet Mr. Banfield always is on site for any civic programs that lend themselves to network, meet and build relations with local officials.

With investments such as Virtual Reality units costing over \$50,000....FTAP is committed to growing it's footprint of services over the years to come.

I hope this helps learn more about Aaron Banfield and the success he has experienced with the Full Throttle brand.
