## MEMORANDUM

To: City of Novi  
From: Emily Schuette, Project Specialist  
Date: 1/9/2025  
RE: RRRASOC Communities Quarterly Website Review

We have recently reviewed the recycling information listed on your refuse collection page(s).

The following changes are recommended to improve clarity and accessibility of information for residents:

- Under *RRRASOC/Recycling Locations/Guidelines*, the “Recycling Locations/Accepted Items” hyperlink and the “Curbside Guidelines” hyperlink should both be removed, as they are redundant. The “Recycling Locations/Accepted Items” hyperlink could also be re-linked to the related webpage: <https://www.rrrasoc.org/recycling/residential-recycling/drop-off-guidelines/>
- The HHW flyer hyperlinked under the *Household Hazardous Waste* section is outdated and should be updated to the current version – <https://www.rrrasoc.org/wp-content/uploads/2024/10/2025-RRRASOC-HHW-Flyer-Color2.pdf>

Thank you for considering these changes to your recycling webpage content.
