PURPOSE OF THE MEETING

1. Solid Waste and Recycling Proposal Results

Assistant City Manager Cardenas opened the conversation referencing the three proposals that were evaluated from GFL Environmental, Priority Waste, and Republic Services. Mr. Cardenas stated that it was the consensus of the evaluating team that GFL Environmental was the most qualified bidder. Reasoning for this evaluation included scope of services, current client listing in the region, that their complaint receival technology will integrate well with the same existing technology used by the City of Novi, no charge for facility disposal, their bid pricing being the lowest from year one to year eight, and a positive review of their financials. Mr. Cardenas recommends to the committee for a positive recommendation to City Council for approval to enter a contract with GFL Environmental.

Motion made by Member Fischer to recommend that City Council and Staff pursue an eight-year contract with GFL Environmental and negotiate as required. Motion

was supported by Member Casey and carried unanimously, motion passes 3:0.
